**Euro 125,000,000,000**

### **Euro Medium Term Note Programme**

#### **for the issue of *Obligations Foncières* due from one month from the date of original issue**

Under the Euro Medium Term Note Programme described in this Base Prospectus (the “**Programme**”), Compagnie de Financement Foncier (the “**Issuer**”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue *obligations foncières* (the “*Obligations Foncières*” or the “**Notes**”), benefiting from the statutory *privilège* created by Article L. 515-19 of the French *Code monétaire et financier*, as more fully described herein. No credit linked Notes will be issued under the Programme.

The aggregate nominal amount of Notes outstanding will not at any time exceed Euro 125,000,000,000 (or the equivalent in other currencies).

This Base Prospectus replaces and supersedes the Base Prospectus dated 16 July 2007 and the supplements thereto.

Application has been made to the *Autorité des marchés financiers* (the “**AMF**”) in France for approval of this Base Prospectus, in its capacity as competent authority pursuant to Article 212-2 of its *Règlement Général* and, at the same time for the notification of a certificate of approval released to the *Commission de surveillance du secteur financier* in Luxembourg for Notes issued under the Programme to be listed and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange, both of approval and notification being made in its capacity as competent authority under Article 212-2 of the *Règlement Général* of the AMF which implements the Directive 2003/71/EC of 4 November 2003 on the prospectus to be published when securities are offered to the public or admitted to trading.

Application may be made to Euronext Paris for Notes issued under the Programme for the period of 12 months from the date of this Base Prospectus to be listed and admitted to trading on Euronext Paris and/or to the competent authority of any other Member State of the European Economic Area (“**EEA**”) for Notes issued under the Programme to be listed and admitted to trading on a Regulated Market (as defined below) in such Member State. Euronext Paris is a regulated market for the purposes of the Markets in Financial Instruments Directive 2004/39/EEC, appearing on the list of regulated markets issued by the European Commission (a “**Regulated Market**”). Notes which are not listed or admitted to trading on a regulated market, or which are not offered to the public, in a Member State of the EEA may be issued under the Programme and may also be listed on an alternative stock exchange or may not be listed at all. The relevant final terms (the “**Final Terms**”) (as defined in “Overview of the Programme”) in respect of the issue of any Notes will specify whether or not such Notes will be listed and admitted to trading and/or offered to the public (except in France where no offer to the public shall be made) and, if so, the relevant regulated market in the EEA where the Notes will be listed and admitted to trading and/or the Member State(s) in the EEA where the Notes will be offered to the public and will be published, if relevant, on the website of the regulated market where the admission to trading is sought, if the rules applicable to such regulated market so require.

Each time the Notes will be admitted to trading on Euronext Paris, the Notes will also be admitted to trading on the Regulated Market of the Luxembourg Stock Exchange.

Notes may be issued either in dematerialised form (“**Dematerialised Notes**”) or in materialised form (“**Materialised Notes**”) as more fully described herein.

Dematerialised Notes will at all times be in book entry form in compliance with Article L. 211-4 of the French Code monétaire et financier. No physical documents of title will be issued in respect of the Dematerialised Notes.

Dematerialised Notes may, at the option of the Issuer, be in bearer dematerialised form (*au porteur*) inscribed as from the issue date in the books of Euroclear France (“**Euroclear France**”) (acting as central depository) which shall credit the accounts of Account Holders (as defined in “Terms and Conditions of the Notes - Form, Denomination, Title and Redenomination”) including, Euroclear Bank S.A./N.V. (“**Euroclear**”) and the depository bank for Clearstream Banking, *société anonyme* (“**Clearstream, Luxembourg**”), or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant holder, in either fully registered dematerialised form (*nominatif pur*), in which case they will be inscribed with a registration agent (appointed in the relevant Final Terms) for the Issuer, or in administered registered dematerialised form (*nominatif administré*) in which case they will be inscribed in the accounts of the Account Holders (as defined in “Terms and Conditions of the Notes - Form, Denomination, Title and Redenomination”) designated by the relevant holder of Notes.

Materialised Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a “**Temporary Global Certificate**”) will initially be issued in relation to Materialised Notes. Such Temporary Global Certificate will subsequently be exchanged for definitive Materialised Notes in bearer form (the “**Definitive Materialised Notes**”) on or after a date expected to be on or about the 40<sup>th</sup> day after the issue date of the Notes (subject to postponement as described in “Temporary Global Certificates issued in respect of Materialised Notes”) upon certification as to non-US beneficial ownership with, where applicable, coupons for interest attached.

Temporary Global Certificates will (a) in the case of a Tranche intended to be cleared through Euroclear and/or Clearstream, Luxembourg, be deposited on the issue date with a common depository for Euroclear and Clearstream, Luxembourg, (b) in the case of a Tranche intended to be cleared through Euroclear France, be deposited with Euroclear France as central depository, and (c) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream, Luxembourg and Euroclear France or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer (as defined below).

En pratique, le bilan de la Compagnie de Financement Foncier est rigoureusement couvert contre le risque de taux. Chaque opération d'achat d'actifs ou de refinancement est systématiquement swappée à taux variable, de sorte que les fluctuations de taux ont un impact identique à l'actif et au passif du bilan.

La Compagnie de Financement Foncier s'oblige également à limiter la différence entre la durée de son actif et celle de son passif privilégié à deux ans au maximum. Au 31 décembre 2007, cet écart s'élève à 1,2 an.

### Risque de change

La Compagnie de Financement Foncier s'interdit toute position ouverte, les opérations d'acquisition d'actifs ou de refinancement non libellées en euros sont systématiquement couvertes contre le risque de change dès leur conclusion. En pratique, la Compagnie s'astreint à limiter ses positions de change résiduelles à un montant maximal de 0,1% de son bilan. Ce risque et son analyse sont plus amplement décrits dans la section « *Risk Factors* » ci-après.

### Risque de liquidité

La Compagnie de Financement Foncier s'impose des règles strictes de gestion lui garantissant une liquidité suffisante pour honorer ses engagements de passifs privilégiés sans besoin de nouvelles ressources pendant un an. Elle peut, si nécessaire, accéder aux opérations de politique monétaire de la Banque Centrale européenne pour ses créances mobilisables.

Ainsi, à tout moment, la Compagnie dispose d'une position de trésorerie (sans activité nouvelle) assurant, sur les douze mois suivants, les remboursements contractuels de sa dette privilégiée. Ce risque et son analyse sont plus amplement décrits dans la section « *Risk Factors* » ci-après.

### Risque juridique

Au 31 décembre 2007, l'Emetteur n'est pas engagé dans des procédures judiciaires ou administratives qui soient susceptibles d'avoir un effet significatif sur sa situation financière. Afin de se préserver au mieux des risques juridiques encourus, l'Emetteur bénéficie de la garantie des assurances souscrites au niveau du groupe Crédit Foncier. Ce risque et son analyse sont plus amplement décrits dans la section « *Risk Factors* » ci-après.

### Risque social et environnemental

En terme de conséquences sociales et environnementales, la Compagnie de Financement Foncier a recours aux ressources humaines et matérielles mises à sa disposition par le Crédit Foncier dans le cadre des conventions conclues notamment en application des articles L. 515-22 et L. 515-23 du Code monétaire et financier. Son activité propre de société de crédit foncier n'est pas de nature à avoir une incidence sur l'environnement.

## 2. KEY INFORMATION ABOUT THE ISSUER

In compliance with the Savings and Financial Security Act of 25 June 1999, Crédit Foncier de France founded in 1852, created the SCF (*société de crédit foncier*) Compagnie de Financement Foncier on 23 July 1999. At this time, the existing stock of bonds and eligible assets was transferred to this new entity from Crédit Foncier de France. As the *société de crédit foncier* of Groupe Crédit Foncier de France (AA-/Aa3/AA) and its parent company Groupe Caisse d'Epargne (AA/Aa2/AA), Compagnie de Financement Foncier is their dedicated AAA/Aaa/AAA refinancing vehicle.

It is a French *société anonyme* (limited liability company) authorised as a financial company (*société financière*) and as a *société de crédit foncier* by a decision of the French Credit Institutions and Investment Companies Committee (CECEI – *Comité des Etablissements de Crédit et des Entreprises d'Investissement*). It is therefore governed by the legislation applicable to credit institutions and, as a *société de crédit foncier*, it is also governed by Articles L. 515-13 to L. 515-33 of the French *Code monétaire et financier*.

As at 27 June 2008, the Compagnie de Financement Foncier's subscribed capital amounted to Euro 924,000,000. It is divided into 57,750,000 fully paid-up shares with a par-value of Euro 16 each, of which 457,749,994 are held by Crédit Foncier de France.

Its registered office is located at 19, rue des Capucines, 75001 Paris.

Since its creation in 1999, the Compagnie de Financement Foncier issued Euro 78.8 billion worth of *obligations foncières* and other preferred debts. The total outstanding of *obligations foncières* and other preferred debts amounted to Euro 77,33 billion as at 31 December 2007 with an issue volume of Euro 23,5 billion in 2007 and Euro 17,26 billion in 2006.

Compagnie de Financement Foncier's sole activity is to acquire and refinance eligible assets. These assets are comprised of loans with a first rank mortgage, local authority and public sector loans, securities issued or guaranteed by local authorities and public entities and senior securisation bonds or units of mortgage loans or loans to public sector. In order to refinance these assets, the Compagnie de Financement Foncier issues AAA/Aaa/AAA rated *obligations foncières* and raises other resources which may or may not benefit from the *privilège* as defined by Article L. 515-19 of the French *Code monétaire et financier*.

#### **4. RISK FACTORS**

##### **A. Risk factors relating to the Issuer**

Prospective investors should consider, among other things, the risk factors described in section “Risk Factors” below, which include the following risk factors relating to the Issuer and its operations and which are inherent in investing in the Notes:

##### Credit risk

While the quality of its legally-eligible assets gives it a high level of security, Compagnie de Financement Foncier has also implemented additional restrictions involving acquisition filters to further limit its exposure to credit risk. Compagnie de Financement Foncier refrains from purchasing loans for commercial real estate. This risk and its analysis are more fully described in section “Risk Factors” below.

##### Interest rate risk

Compagnie de Financement Foncier is committed to maintaining the level of its rate gaps within the limits defined by period of observation and to correct any overruns, at the latest, during the following quarter:

<b>Horizon</b>	<b>Maximum rate gap as a % of the projected balance sheet</b>
Less than 2 years	2%
2 to 5 years	3%
5 to 10 years	5%
More than 10 years	10%

As a rule, Compagnie de Financement Foncier's balance sheet is rigorously protected from interest rate risk. Each asset purchase or refinancing transaction is systematically swapped to a variable interest rate, so that rate fluctuations have an identical impact on both assets and liabilities.

Compagnie de Financement Foncier strives to limit the difference between the maturities of its assets and those of its preferred liabilities to no more than two years. As at 31 December 2007, this difference was 1.2 years.

#### Currency risk

Compagnie de Financement Foncier does not maintain any open positions; any non-Euro denominated asset acquisition or refinancing transaction is immediately converted into Euros at the time of execution.

In practice, Compagnie de Financement Foncier limits its residual foreign exchange positions to no more than 0.1% of its balance sheet. This risk and its analysis are more fully described in section "Risk Factors" below.

#### Liquidity risk

Compagnie de Financement Foncier has set itself strict management rules guaranteeing sufficient liquidity to meet its preferred liability commitments without needing new resources for an entire year. It can, if necessary, access monetary policy facilities offered by the European Central Bank for its short-term loans.

Thus, at any given time, Compagnie de Financement Foncier's cash position (without new activity) ensures that it can make contractual payments on its preferred debt for the next twelve months. This risk and its analysis are more fully described in section "Risk Factors" below.

#### Legal risk

As at 31 December 2007, the Issuer was not involved in any legal or governmental proceedings likely to have any material impact on its financial position. In order to be protected from any legal risk, the Issuer benefit from insurance policies taken out by the Crédit Foncier group. This risk and its analysis are more fully described in section "Risk Factors" below.

#### Social and environmental risks

In terms of social and environmental risks, Compagnie de Financement Foncier relies upon the material and human resources provided by Crédit Foncier de France under the agreements entered into pursuant to Articles L. 515-22 and L. 515-23 of the French *Code monétaire et financier*. Its own business as a *société de crédit foncier* is not likely to have any impact on the environment.

### **B. Risk factors relating to the Notes to be issued by the Issuer**

In addition, there are certain factors that are specific to the Notes to be issued by the Issuer under the Programme, as more fully described in section "Risk Factors" below. These risks are, among others:

- Risks related to potential conflicts of interest
- Risks related to legality of purchase
- Risks related to modification, waivers and substitution
- Risks related to taxation
- Risks related to Directive 2003/48/EC on the taxation savings income
- Risks related to withholding tax - no gross-up obligation

- Risks related to a change of law
- Currency risk
- Risks related to credit ratings
- Risks related to the absence of active secondary/trading market for the Notes
- Risks related to the market value of the Notes
- Risks related to the structure of a particular issue of Notes

*The risk factors relating to the Issuer and to the Notes issued by the Issuer are more detailed in the section “Risk Factors” of this Base Prospectus.*

## RISK FACTORS

Prospective purchasers of the Notes offered hereby should consider carefully, in light of their financial circumstances and investment objectives, all of the information in this Base Prospectus and, in particular, the risk factors set forth below in making an investment decision.

### RISK FACTORS RELATING TO THE ISSUER

*The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.*

*The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. The risks described below are not the only risks the Issuer faces. Additional risks and uncertainties not currently known to the Issuer or that it currently believes to be immaterial could also have a material impact on its business operations. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision. In particular, investors should make their own assessment as to the risks associated with the Notes prior to investing in Notes issued under the Programme.*

### 1. CREDIT RISK

Credit risk is analysed differently depending on the type of asset. Compagnie de Financement Foncier's assets can be divided into three major categories with different approaches to assess their credit-worthiness:

- Subsidised sector and private sector loans, granted to individuals or professionals in the public sector or private sector real estate market. Starting in 2007, this category was grouped with mortgage notes whose underlying collateral consists of private sector housing loans.
- Securities comprising securitisation tranches that are rated by independent, internationally renowned credit rating agencies and approved by the French Banking Commission (*Commission Bancaire*).
- Replacement securities comprised of safe and liquid securities and deposits. At Compagnie de Financement Foncier, the vast majority of these securities consist of interbank loans with a six-month term from institutions with the highest short-term ratings.

#### 1.1 Loans and related items

In addition to the unconsolidated accounting items which will be analysed below, the unrealised gains from the accounting methods used for loans transferred in 1999 from Crédit Foncier to Compagnie de Financement Foncier must be taken into account. These unrealised gains correspond to reversals of depreciation made by Crédit Foncier before the transfer and that were recognised at the consolidated Group level only. These potential profits will be recorded in Compagnie de Financement Foncier's accounts as exceptional gains when the debt is paid off and if the situation has improved. Unrealised gains amounted to €1.3 million for the subsidised sector and €0.4 million for the private sector as at 31 December 2007 compared to €2.8 million and €0.7 million respectively at the end of 2006.

Following the sharp rise in interest rates, Crédit Foncier announced in December that it was taking an extraordinary measure aimed at helping 150,000 customers with their monthly payments. Of these customer loans, some were transferred to the Compagnie de Financement Foncier. Crédit Foncier decided take on the extra cost these measures have caused by setting up a fund to benefit Compagnie de Financement Foncier.

The loan portfolio held directly by Compagnie de Financement Foncier amounted to €37.6 billion as at 31 December 2007 in addition to €7.6 billion of mortgage notes. The credit risk on the portfolio can be determined by evaluating the percentages of doubtful loans and compromised doubtful loans as well as the level of provisioning for them.

In the last two years, these risk indicators evolved as follows:

2007	outstanding loans (€ million)	percentage of total outstanding loans	of which doubtful loans	doubtful loans (%)	of which compromised doubtful	compromised doubtful (%)	provisions
<b>Subsidised sector (disappearing)</b>	<b>1,954,7</b>	<b>4.3%</b>	<b>235.8</b>	<b>12.1%</b>	<b>0.0</b>	<b>0.0%</b>	<b>5.9</b>

(\* ) the outstanding loans include the value of securities issued or guaranteed by public entities.

In terms of outstanding loans, the strong growth in loans to individuals was mostly due to the reclassification of mortgage notes as secured loans, authorised by the new regulations applicable to *sociétés de crédit foncier* as at

April 2007. The increase in loans to public authorities primarily reflects the acquisition by the Caisse d'Épargne Group of the IXIS CIB loan portfolio.

Risk monitoring focuses on loans to individuals that are not guaranteed by the state (subsidised sector and FGAS guarantee) as well as social housing loans that together amount to €20.2 billion. Private real estate loans account for a very small amount, €104 million as at 31 December 2007, and have not been produced since 2002.

Of this total outstanding debt, amounting to €20.2 billion at the end of 2007 compared to €10.6 billion at the end of 2006, the share of outstanding doubtful loans continued to decline in 2007. In absolute terms, doubtful loans have slightly decreased, from €176 million to €164 million over the year; in relative terms, the decline is more marked with the percentage falling from 1.7% to 0.8% as at 31 December 2007. Even pro forma figures excluding mortgage notes indicate a reduction over the year to 1.3% at the end of 2007. Compromised doubtful loans followed a similar trend. They accounted for less than €16 million of the entire loan portfolio at the end of the year (0.02% of the balance sheet) compared to €43.5 million one year ago; they represented 0.06% of private sector loans to individuals.

The quality of these outstanding loans is further demonstrated by the very low level of provisioning. In 2007, €29.1 million will be recorded as provisions for performing loans and depreciation on doubtful loans. This amount is similar to that of the previous year (€29.5 million in 2006) and reflects a relative decline in the share of outstanding loans covered by a provision. The rate of provision on all loans dipped from 0.11% to 0.06% in one year.

In terms of the impact on Compagnie de Financement Foncier's results, the risk on these assets is included in the cost of risk (for the principal) and net banking income (for interest). In 2007, the overall cost of risk represented a net gain of €3.0 million, resulting from a principal charge of €3.0 million and interest income of €6.0 million. This contribution was also positive in 2006, amounting to €3.9 million.

This overall income for 2007 is broken down as follows:

- A net charge of €3.1 million for provisions and depreciation
- Losses of €5.7 million, €4.5 million of which was covered by depreciation
- Gains on amortised loans for €7.2 million

These figures are broken down by type of customer as follows:

	2007			2006		
	Outstanding loans (€ million)	Risk charge (€ million)	Risk charge (basis points)	Outstanding loans (€ million)	Risk charge (€ million)	Risk charge (basis points)
<b>Subsidised sector (disappearing)</b>	<b>1,954.7</b>	<b>-1,06</b>	<b>-5.4</b>	<b>2,512.4</b>	<b>0.22</b>	<b>0.9</b>

Note: By convention, the cost of risk represents an expense when it is positive and income when it is negative.

## 1.2 Securities and Securitisation Tranches

This portfolio consists of securities issued primarily by foreign public entities and public entity-guaranteed or mortgage-backed securitisation tranches. It amounted to €33.4 billion at 31 December 2007 compared to €27.8 billion at 31 December 2006. Various indicators are monitored by Compagnie de Financement Foncier on an ongoing basis in order to assess its credit risk on this portfolio.

In accordance with its regulatory framework, Compagnie de Financement Foncier can only hold senior securitisation tranches or similar securities.

The transactions that make up this portfolio are compliant with the 1999 law on *sociétés de crédit foncier* and are meant to be held until maturity.

This high-quality, diversified portfolio (all tranches are senior, first rank and 99% of debt is rated AAA) does not contain exposure to subprime risk or ABS CDO-like products.

Analysis of the overcollateralisation level, which depends on fund structuring rules, reflects the changes to underlying assets; all of the securitisation funds held by Compagnie de Financement Foncier today have a higher overcollateralisation rate than when they were purchased.

For residential mortgage-backed securities, Compagnie de Financement Foncier also calculates the ratio of the present value of the collateral securing the assets to the outstanding underlying loans each year and verifies the effectiveness of guarantees.

In addition, Compagnie de Financement Foncier monitors the quality of information provided by the fund management companies including the timeliness, completeness and accuracy of data.

The entire portfolio is rated by independent credit rating agencies. Compagnie de Financement Foncier only acquires the most highly rated assets and monitors these ratings on an ongoing basis.

In 2007, only one line in the portfolio suffered a rating downgrade. One agency downgraded their rating of the counterparty for an outstanding loan of €15 million from AA- to A+. Several ratings were, however, upgraded.

At 31 December 2007, the residential mortgage-backed securities portfolio amounted to €17.4 billion and:

- 43% of this portfolio (€7.5 billion) had received the highest rating from three main rating agencies, AAA/Aaa/AAA
- 57% of this portfolio (€9.9 billion) had received the highest rating (AAA/Aaa or AAA/AAA) from two of the main rating agencies
- Less than one thousandth of the portfolio, or €12 million worth, had only received one of the highest ratings (AAA or Aaa)

At 31 December 2007, the public sector securities and securitisation tranches, amounted to €16.0 billion and had received:

- The highest rating from two of the main rating agencies, AAA/Aaa/AAA, on 49% of the portfolio (€7.9 billion)
- The highest rating from two of the main rating agencies on 16% of the portfolio (€2.6 billion of which €2.1 billion which only have two ratings and €0.5 billion which have a rating of AA+ as their third rating)
- The highest rating from one of the main rating agencies on 21% of the portfolio (€3.4 billion)

The above have a step-one rating with the exception of one line of €15 million that is rated A+/Aaa/A+.

Such excellent ratings are directly linked to the quality of the counterparty or its guarantor. If Compagnie de Financement Foncier esteems that a rating is not sufficient, the assets are enhanced by monoline insurers.

At 31 December 2007, enhanced securities on the balance sheet amounted to €4.4 billion and are broken down into:

- €2.5 billion guarantee from CIFG
- €1.1 billion guarantee from FSA
- €0.7 billion guarantee from AMBAC
- €0.1 billion guarantee from FGIC
- €0.1 billion guarantee from MBIA

The intrinsic quality of these assets, which shelters them from any possible drop in creditworthiness of the insurer, is outlined in the following table:

Credit insurer	Rating before enhancement								
	Outstanding (€Bd)	Not rated	BBB+	A-	A	A+	AA-	AA	AA+
AMBAC	0.7			77%		21%	1%		
CIFG	2.5	1%	2%	15%	28%	14%	38%		2%
FGIC	0.1					100%			
FSA	1.1	15%		8%	27%		34%	16%	
MBIA	0.1						100%		

Note: the 2% in the category BBB+ is made up of debt in Hungary and the 16% in the unrated column represents financing for Japanese prefectures for which no rating is yet available.

## 2. ANALYSIS OF INTEREST AND EXCHANGE RATE RISKS

Compagnie de Financement Foncier has no open currency positions except for very small ones inherent in any hedging transaction. Transactions initiated in foreign currencies, primarily those negotiated for issues of *obligations foncières*, are converted into euros upon execution.

Compagnie de Financement Foncier is only very marginally exposed to interest rate risks thanks to the implementation of a series of hedging mechanisms.

### 2.1 Hedging Transactions

As soon as an asset is recorded on the balance sheet, it is swapped to a variable interest rate. Macro-hedging swaps are entered into when acquiring loan portfolios, micro-hedging swaps are made for single transactions. Similarly, the debt issued by Compagnie de Financement Foncier are micro swapped at the outset to ensure variable rate liabilities.

Crédit Foncier is counterparty to these hedging transactions when it acquires and transfers loans to Compagnie de Financement Foncier. Other banks also act as counterparty in the case of market transactions or loans originated abroad. All of the counterparties to these currency or interest rate swaps have concluded collateralisation agreements with Compagnie de Financement Foncier that require them to provide Compagnie de Financement Foncier with a security deposit depending on their debt position and rating. These deposits are drawn on daily or weekly if the counterparty's credit rating slips below F1+ or AA- from Fitch Ratings, P1 or Aa3 from Moody's Investors Service, or A1+ or AA- from Standard & Poor's Ratings Services. If the opposite situation occurs, the agreements stipulate that Compagnie de Financement Foncier shall not deposit any collateral. At 31 December 2007, the amount of deposits received was €184 million, and they were classified as unsecured debts.

The rate position is also reviewed each quarter and macro-hedging transactions are concluded in case the position deteriorates to the point that could lead to non-compliance with the rate gap limits that Compagnie de

Financement Foncier is committed to respecting. If prepayments on loans are greater than those that had been estimated at the time of their acquisition, the rate swap is closed, thereby narrowing the rate gaps to a small percentage of the balance sheet.

Special interest rate risk neutralisation mechanisms for Compagnie de Financement Foncier have also been implemented with the French state for subsidised sector loans and with Caisses d'Épargne, which disposed of its loans in the French public sector.

Compagnie de Financement Foncier's growth and the continuation of its active risk management policy resulted in an increase in outstanding swaps of €49 billion in 2007. The notional values of forward financial instruments rose from €85.8 billion at the end of 2006 to €126.1 billion at the end of 2007 and foreign currency transactions rose from €29.2 billion to €37.6 billion over the same period.

These outstanding rate swaps at 31 December 2007 are broken down according to the hedge's objective:

- Macro-hedging swaps for €29.4 billion (compared to €20.5 billion at the end of 2006)
- Micro-hedging swaps on assets for €12.5 billion (compared to €7.8 billion at the end of 2006),
- Macro-hedging swaps on secured debt for €83.1 billion (compared to €56.0 billion at the end of 2006)
- Micro-hedging conditional transactions for €1.1 billion, negotiated to protect the portion of variable-rate loans with remuneration capped to the benefit of their borrowers (compared to €1.3 billion at the end of 2006).

## **2.2 Residual rate position**

Considering the different hedging mechanisms negotiated by Compagnie de Financement Foncier when transactions are settled, exposure to interest rate risk is limited to the possible distortion of the hedging transaction due to unknown events at origination and occurring over its expected life.

Since the securitisation tranches have variable rates from origination and the maturity date of other investment securities is predetermined, the residual rate position is constituted by fixed-rate loans whose prepayment is not covered by indemnities equivalent to the risk incurred.

Interest rate risk is therefore limited to outstanding fixed-rate loans in the private sector granted to individuals, due to the cap on the indemnity stipulated in the contract in the event of prepayment, which is limited to six months interest with a maximum of 3% of the outstanding principal amount.

For Compagnie de Financement Foncier, these loans amounted to €5.1 billion at 31 December 2007, as most of Crédit Foncier's recent production is at variable rates. Moreover, the low nominal rate of these loans constitutes an additional protection against the risk of prepayment and renegotiation. Interest free loans amounted to €1.8 billion and loans with non-zero but less than 6% interest rates totalled €2.9 billion. A potential interest rate risk, resulting from imperfectly indemnified prepayment, thus exists on an outstanding loan portfolio of €0.4 billion, i.e. 0.5% of the balance sheet.

## **2.3 Other indicators**

Every quarter, Compagnie de Financement Foncier analyses changes in the net present value of estimated results over the next 10 years under different stress scenarios. The results showed sensitivity to very low rates. At 31 December 2007, if market rates were to increase by two percentage points, the present value of future earnings would by fall by €44 million, excluding new issues or acquisitions.

## **3. ANALYSIS OF LIQUIDITY RISK**

As for interest rate risks, the asset/liability management rules of Compagnie de Financement Foncier ensure a very limited exposure to liquidity risk.

Accordingly, Compagnie de Financement Foncier is committed to maintaining sufficient short-term liquidity to cover its privileged debt commitments for a period of one year under the unlikely situation where no prepayment will allow for borrowers payments to be sped up.

In any case, a financing deficit limited to 10% of the current balance is allowed beyond the second year.

Moreover, a significant portion of its assets are inherently easily negotiable, such as replacement securities comprised of risk-free, liquid investments, as required by laws governing *sociétés de crédit foncier*, or its investment portfolio. As at 31 December 2007, Compagnie de Financement Foncier held replacement securities amounting to €11.1 billion, or 11.8% of the balance sheet, including €10.8 billion of loans to financial institutions with the highest short-term ratings (less than six months). Compagnie de Financement Foncier also holds €22.7 billion of securities that meet the refinancing eligibility criteria at the European Central Bank.

In April 2007, for the first time Compagnie de Financement Foncier began using measures to utilise its securities and participated in the European Central Bank's call for bids of one-week and three-month funds. Some repurchase agreements were also entered into with major French banks. As at 31 December 2007, the securities utilised (principally due to participation in the European Central Bank's bids) amounted to €2.6 billion.

These transactions help fund its short-term liquidity needs for drawdowns on credit lines that Compagnie de Financement Foncier had granted to French local authorities. The growth of its business in the public sector in 2007, including the repurchase of the IXIS CIB portfolio, a subsidiary of NATIXIS, resulted in a sharp increase in funding commitments given. At 31 December 2007, the resulting off-balance sheet commitments amounted to €8.8 billion, which includes one year credit lines of €3.6 billion and €3.5 billion of long-term loans granted to public entities but not yet drawn down.

Compagnie de Financement Foncier also determines the durations of its assets and liabilities to ensure that their maturities are properly matched and are committed to a maximum spread of two years. At 31 December 2007, the duration of assets was 6.5 years, it was 6.8 years one year earlier, and the duration of privileged liabilities was 5.3 years compared with 5.9 years at 31 December 2006.

## **4. OTHER RISKS**

### **4.1 Legal risks**

Insurance policy:

Compagnie de Financement Foncier has the following insurance policies subscribed by Crédit Foncier de France:

- A "comprehensive" policy covering all risks except real estate, subscribed by Crédit Foncier for all offices (head office and network offices), which also covers Compagnie de Financement Foncier since its business is conducted in buildings owned by Crédit Foncier de France. This policy also covers Crédit Foncier's mainframe computer system, which is also used by Compagnie de Financement Foncier.
- An insurance policy for protection against risks of "fraud, malice or embezzlement". This contract explicitly refers to Compagnie de Financement Foncier among the companies insured.
- A "civil liability" policy for senior executives and corporate officers (Chairman, Chief Executive, Administrators) for any judgments against them for negligence in the performance of their duties. This policy was taken out by Crédit Foncier de France for its own account and for its subsidiaries (including Compagnie de Financement Foncier).

In addition, Compagnie de Financement Foncier has also signed the Group Insurance Agreement covering borrowers of mortgage loans for the risks of death, total and irreversible loss of autonomy, inability to work and disability. Under the Agreement, Compagnie de Financement Foncier is designated as the beneficiary of any payments made by the insurance company. This is also the case in respect of the Group insurance agreements subscribed to protect mortgage borrowers from the risk of "job loss". Lastly, Compagnie de Financement Foncier has also signed a "collateral loss" agreement under which it can be compensated if the building financed and mortgaged is damaged by fire or explosion, and if the owner-borrower does not qualify for compensation from his own insurer due to lack of coverage or to insufficient coverage.

#### **4.2 Social and environmental risks**

In terms of social and environmental risks, Compagnie de Financement Foncier relies upon the material and human resources provided by Crédit Foncier de France under the agreements entered into pursuant to Articles L. 515-22 and L. 515-23 of the French *Code monétaire et financier*. Its own business as a *société de crédit foncier* is not likely to have any impact on the environment.

### **RISK FACTORS RELATING TO THE NOTES**

*The following paragraphs describe some risk factors that are material to the Notes to be offered and/or listed and admitted to trading in order to assess the market risk associated with these Notes. The risks described below are not the only risks the investors face when investing in the Notes. Additional risks and uncertainties not currently known to the Issuer or that it currently believes to be immaterial could also have a material impact on its business operations. Prospective investors should consult their own financial and legal advisers about risks associated with investment in a particular Series of Notes and the suitability of investing in the Notes in light of their particular circumstances. These risk factors may be completed in the Final Terms of the relevant Notes for a particular issue of Notes.*

#### **1. GENERAL RISKS RELATING TO THE NOTES**

##### **1.1 Independent Review and Advice**

Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer or the Dealer(s) or any of their affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

##### **1.2 Potential Conflicts of Interest**

The Issuer, the Dealer(s) or their respective affiliates may deal with and engage generally in any kind of commercial or investment banking or other business with any issuer of the securities taken up in an index, their respective affiliates or any guarantor or any other person or entities having obligations relating to any issuer of the securities taken up in an index or their respective affiliates or any guarantor in the same manner as if any index-linked Notes issued under the Programme did not exist, regardless of whether any such action might have an adverse effect on an issuer of the securities taken up in the index, any of their respective affiliates or any guarantor.

### **1.3 Legality of Purchase**

Neither the Issuer, the Dealer(s) nor any of their affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

### **1.4 Modification, waivers and substitution**

The conditions of the Notes contain provisions for calling general meetings of holders of Notes to consider matters affecting their interests generally. These provisions permit defined majorities to bind all including holders of Notes who did not attend and vote at the relevant general meeting and holders of Notes who voted in a manner contrary to the majority.

### **1.5 Taxation**

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for innovative financial notes such as the Notes. Potential investors are advised not to rely upon the tax summary contained in this Base Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in connection with the taxation sections of this Base Prospectus and the additional tax sections, if any, contained in the relevant Final Terms.

### **1.6 EU Savings Directive**

On 3 June 2003, the European Council of Economics and Finance Ministers adopted a Directive 2003/48/EC regarding the taxation of savings income in the form of interest payments (the "**Directive**"). The Directive requires Member States, subject to a number of conditions being met, to provide to the tax authorities of other Member States details of payments of interest and other similar income made by a paying agent located within its jurisdiction to, or for the benefit of, an individual resident in that other Member State, except that, for a transitional period, Belgium, Luxembourg and Austria will instead withhold an amount on interest payments unless the relevant beneficial owner of such payment elects otherwise (see "Taxation - EU Directive on the Taxation of Savings Income").

If, following implementation of the Directive, a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. If a withholding tax is imposed on payments made by a Paying Agent following implementation of the Directive, the Issuer will be required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Directive.

### **1.7 Withholding taxes - No gross-up obligation**

If French law should require that any payments in respect of any Note be subject to deduction or withholding in respect of any taxes or duties whatsoever, the Issuer will not pay any additional amounts. Therefore, the corresponding risk shall be borne by the Noteholders or, if applicable, the Receiptholders and the Couponholders.

## **1.8 Change of Law**

The Terms and Conditions of the Notes are based on French law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in French law or the official application or interpretation of French law after the date of this Base Prospectus.

## **1.9 Currency risk**

Prospective investors of the Notes should be aware that an investment in the Notes may involve exchange rate risks. The Notes may be denominated in a currency other than the currency of the purchaser's home jurisdiction; and/or the Notes may be denominated in a currency other than the currency in which a purchaser wishes to receive funds. Exchange rates between currencies are determined by factors of supply and demand in the international currency markets which are influenced by macro economic factors, speculation and central bank and government intervention (including the imposition of currency controls and restrictions). Fluctuations in exchange rates may affect the value of the Notes.

## **1.10 Credit ratings may not reflect all risks**

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

## **1.11 No active secondary/trading market for the Notes**

Notes issued under the Programme will be new securities which may not be widely distributed and for which there may be no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although in relation to Notes to be admitted to trading on Euronext Paris and/or any other Regulated Market in the European Economic Area and/or offered to the public in the European Economic Area (with the exception of France), the Final Terms of the Notes will be filed with the *Autorité des marchés financiers* in France and with the competent authority of the Regulated Market of the European Economic Area where the Notes will be listed and admitted to trading, there is no assurance that such admission to trading or offer to the public will occur, that any particular Tranche of Notes will be so listed and admitted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Notes.

## **1.12 Market Value of the Notes**

The market value of the Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including the value of an index, including, but not limited to, the volatility of an index, or the dividend on the securities taken up in the index, market interest and yield rates and the time remaining to the maturity date.

The value of the Notes, the index depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes, the securities taken up in the index, or the index are traded. The price at which a holder of Notes will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser. The historical market prices of an index should not be taken as an indication of an index's future performance during the term of any Note.

## **2. RISKS RELATED TO THE STRUCTURE OF A PARTICULAR ISSUE OF NOTES**

The Programme allows for different types of Notes to be issued. Accordingly, each Tranche of Notes may carry varying risks for potential investors depending on the specific features of such Notes such as, *inter alia*, the provisions for computation of periodic interest payments, if any, redemption and issue price.

### **2.1 Notes subject to optional redemption by the Issuer**

If in the case of any particular Tranche of Notes the Final Terms specifies that the Notes are redeemable at the Issuer's option in certain circumstances the Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low. During a period when the Issuer may elect, or has elected, to redeem Notes, such Notes may feature a market value not substantially above the price at which they can be redeemed. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the Notes.

### **2.2 Fixed Rate Notes**

Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant Tranche of Notes.

### **2.3 Floating Rate Notes**

Investment in Notes which bear interest at a floating rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the Final Terms) of the reference rate (e.g., every three months or six months) which itself will change in accordance with general market conditions. Accordingly, the market value of floating rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate.

### **2.4 Inverse Floating Rate Notes**

Investment in Notes which bear interest at an inverse floating rate comprise (i) a fixed base rate minus (ii) a reference rate. The market value of such Notes typically is more volatile than the market value of floating rate Notes based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

### **2.5 Fixed to Floating Rate Notes**

Fixed to floating rate Notes initially bear interest at a fixed rate; conversion from a fixed rate to a floating rate then takes place either automatically or at the option of the Issuer if certain predetermined conditions are met. The conversion (whether it be automatic or optional) of the interest rate will affect the secondary market and the market value of the Notes since the conversion may lead to a lower overall cost of borrowing. If a fixed rate is converted to a floating rate, the spread on the fixed to floating rate Notes may be less favourable than then prevailing spreads on comparable floating rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes.

### **2.6 Notes issued at a substantial discount or premium**

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing

securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

## **2.7 Index-Linked Notes**

Index-linked Notes are debt securities which do not provide for predetermined redemption amounts and/or interest payments but amounts due in respect of principal and/or interest will be dependent upon the performance of an index, which itself may contain substantial credit, interest rate or other risks. The amount of principal and/or interest, if any, payable by the Issuer might be substantially less than the issue price or, as the case may be, the purchase price invested by the holder of Notes and may even be zero in which case the holder of Notes may lose his entire investment.

Index-linked Notes are not in any way sponsored, endorsed, sold or promoted by the index sponsor or the respective licensor of the index and such index sponsor or licensor makes no warranty or representation whatsoever, express or implied, either as to the results to be obtained from the use of the index and/or the figure at which the index stands at any particular time. Each index is determined, composed and calculated by its respective index sponsor or licensor, without regard to the Issuer or the Notes. None of the index sponsors or licensors is responsible for or has participated in the determination of the timing of, prices at, or quantities of the Notes to be issued or in determination or calculation of the equation by which the Notes settle into cash. None of the index sponsors or licensors has any obligation or liability in connection with the administration, marketing or trading of the Notes. The index sponsor or licensor of an index has no responsibility for any calculation agency adjustment made for the index.

None of the Issuer, the Dealer(s) or any of their affiliates makes any representation as to an index. Any of such persons may have acquired, or during the term of the Notes may acquire, non-public information with respect to an index that is or may be material in the context of index-linked Notes. The issue of index-linked Notes will not create any obligation on the part of any such persons to disclose to the holders of Notes or any other party such information (whether or not confidential).

## **2.8 Partly-paid Notes**

The Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of his investment.

## **2.9 Variable rate Notes with a multiplier or other leverage factor**

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features, their market values may be even more volatile than those for securities that do not include those features.

## **2.10 Structured Notes**

An investment in Notes, the premium and/or the interest on or principal of which is determined by reference to one or more values of currencies, commodities, interest rates or other indices or formulae, either directly or inversely, may entail significant risks not associated with similar investments in a conventional debt security, including the risks that the resulting interest rate will be less than that payable on a conventional debt security at the same time and/or that an investor may lose the value of its entire investment or part of it, as the case may be. Neither the current nor the historical value of the relevant currencies, commodities, interest rates or other indices or formulae should be taken as an indication of future performance of such currencies, commodities, interest rates or other indices or formulae during the term of any Note.

Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Receipts, Coupons and Talons and shall be notified to holders of Notes in accordance with Condition 14 as soon as practicable thereafter.
- (v) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Receipt, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euros or any currency conversion or rounding effected in connection therewith.

### (a) Dematerialised Notes

- (i) Dematerialised Notes issued in bearer dematerialised form (*au porteur*) may not be converted for Dematerialised Notes in registered dematerialised form, whether in fully registered dematerialised form (*au nominatif pur*) or in administered registered dematerialised form (*au nominatif administré*).
- (ii) Dematerialised Notes issued in registered dematerialised form (*au nominatif*) may not be converted for Dematerialised Notes in bearer dematerialised form (*au porteur*).
- (iii) Dematerialised Notes issued in fully registered dematerialised form (*au nominatif pur*) may, at the option of the holder of such Notes, be converted into Notes in administered registered dematerialised form (*au nominatif administré*), and *vice versa*. The exercise of any such option by such holder shall be made in accordance with Article R. 211-4 of the French *Code monétaire et financier*. Any such conversion shall be effected at the cost of such holder.

(b) **Materialised Notes**

Materialised Notes of one Specified Denomination may not be exchanged for Materialised Notes of another Specified Denomination.

**3 Status**

The Notes and, where applicable, any Receipts and Coupons relating to them constitute direct, unconditional and, pursuant to the provisions of Condition 4, privileged obligations of the Issuer and rank and will rank *pari passu* and without any preference among themselves and equally and rateably with all other present or future notes (including the Notes of all other Series) and other resources raised by the Issuer benefiting from the *privilège* (the “*Privilège*”) created by Article L. 515-19 of the French *Code monétaire et financier* as described in Condition 4.

**4 Privilège**

(a) The Notes benefit from the *Privilège* (priority right of payment) created by Article L. 515-19 of the French *Code monétaire et financier*.

(b) Pursuant to Article L. 515-19 of the French *Code monétaire et financier*, all amounts payable to the Issuer in respect of loans, assimilated receivables, exposure and securities referred to in Article L. 515-14 to L. 515-17 of the French *Code monétaire et financier* and the forward financial instruments referred to in Article L. 515-18 of the French *Code monétaire et financier* (in each case after any applicable netting), together with the claims in respect of deposits made by the Issuer with credit institutions, are allocated in priority to the payment of any sums due in respect of the *obligations foncières* issued by the Issuer and any other resources raised by the Issuer pursuant to the *Privilège*.

It should be noted that not only Notes benefit from the *Privilège*; other resources (such as loans) and derivative transactions for hedging Notes and such other resources may also benefit from the *Privilège*.

(c) Article L. 515-19 of the French *Code monétaire et financier* provides that, notwithstanding any legislative provisions to the contrary and in particular those contained in the French *Code de Commerce* (relating to conciliation (*conciliation*), preservation (*sauvegarde*), judicial reorganisation (*redressement judiciaire*) and judicial liquidation (*liquidation judiciaire*)), the amounts due regularly under *obligations foncières* and any other resources benefiting from the *Privilège*, are paid on their contractual due date, and in priority to all other debts, whether or not preferred, including interest resulting from agreements whatever their duration. Accordingly, until all creditors benefiting from the *Privilège* have been fully paid, no other creditor of the Issuer may exercise any right over the assets and rights of the Issuer.

(iii) *Rate of Interest for Floating Rate Notes:* The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the

relevant Final Terms and the provisions below relating to either FBF Determination, ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified in the relevant Final Terms.

(A) FBF Determination for Floating Rate Notes

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant FBF Rate. For the purposes of this sub-paragraph (A), “**FBF Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Transaction under the terms of an agreement incorporating the FBF Definitions and under which:

- (a) the Floating Rate is as specified in the relevant Final Terms and
- (b) the relevant Floating Rate Determination Date (*Date de Détermination du Taux Variable*) is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms

For the purposes of this sub-paragraph (A), “Floating Rate”, “Calculation Agent”, “Floating Rate Determination Date (*Date de Détermination du Taux Variable*)” and “Transaction” have the meanings given to those terms in the FBF Definitions, provided that “Euribor” means the rate calculated for deposits in Euro which appears on Reuters page EURIBOR01, as more fully described in the relevant Final Terms.

(B) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (B), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (a) the Floating Rate Option is as specified in the relevant Final Terms
- (b) the Designated Maturity is a period specified in the relevant Final Terms and
- (c) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (B), “Floating Rate”, “Calculation Agent”, “Floating Rate Option”, “Designated Maturity”, “Reset Date” and “Swap Transaction” have the meanings given to those terms in the ISDA Definitions.

(C) Screen Rate Determination for Floating Rate Notes

- (a) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:

- (i) the offered quotation; or
- (ii) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question as determined by the Calculation Agent. If

five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the relevant Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the relevant Final Terms.

- (b) if the Relevant Screen Page is not available or, if sub-paragraph (a)(i) applies and no such offered quotation appears on the Relevant Screen Page or, if sub-paragraph (a)(ii) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the time specified above, subject as provided below, the Calculation Agent shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and
- (c) if paragraph (b) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of

Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

- (iv) *Rate of Interest for Index Linked Interest Notes:* The Rate of Interest in respect of Index Linked Interest Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms and interest will accrue by reference to an Index or Formula as specified in the relevant Final Terms.

(d) **Zero Coupon Notes:**

Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date pursuant to an Issuer's Option or, if so specified in the relevant Final Terms, pursuant to Condition 6(d)(i) or otherwise and is not paid when due, the amount due and payable prior to the Maturity Date shall, unless otherwise provided in the relevant Final Terms, be the Early Redemption Amount. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(d)(i)).

(e) **Dual Currency Notes:**

In the case of Dual Currency Notes, if the rate or amount of interest falls to be determined by reference to a Rate of Exchange or a method of calculating a Rate of Exchange, the rate or amount of interest payable shall be determined in the manner specified in the relevant Final Terms.

(f) **Partly Paid Notes:**

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the relevant Final Terms.

(g) **Accrual of Interest:**

Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date.

(h) **Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts and Rounding:**

- (i) If any Margin is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (c) above by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin subject always to the next paragraph.
- (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such

currency (with halves being rounded up). For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country of such currency.

(i) **Calculations:**

The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount (or a formula for its calculation) is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.

(j) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and Instalment Amounts:**

The Calculation Agent shall, as soon as practicable on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the holders of Notes, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed and admitted on a Regulated Market and the rules of such Regulated Market so require, such Regulated Market as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

(k) **Calculation Agent:**

The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if

appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. So long as the Notes are listed and admitted to trading on any Regulated Market and the rules of, or applicable to, that Regulated Market so require, notice of any change of Calculation Agent shall be given in accordance with Condition 14.

For the purpose of these Conditions, “**outstanding**” means, in relation to the Notes of any Series, all the Notes issued other than (a) those that have been redeemed in accordance with these Conditions, (b) those in respect of which the date for redemption has occurred and the redemption moneys (including all interest accrued on such Notes to the date for such redemption and any interest payable after such date) have been duly paid (i) in the case of Dematerialised Notes in bearer dematerialised form and in administered registered dematerialised form, to the relevant Account Holder on behalf of the holder of Notes, (ii) in the case of Dematerialised Notes in fully registered dematerialised form, to the account of the holder of Notes and (iii) in the case of Materialised Notes, to the Fiscal Agent and remain available for payment against presentation and surrender of Bearer Materialised Notes, Receipts and/or Coupons, as the case may be, (c) those which have become void or in respect of which claims have become prescribed, (d) those which have been purchased and cancelled as provided in these Conditions, (e) in the case of Materialised Notes (i) those mutilated or defaced Bearer Materialised Notes that have been surrendered in exchange for replacement Bearer Materialised Notes, (ii) (for the purpose only of determining how many such Bearer Materialised Notes are outstanding and without prejudice to their status for any other purpose) those Bearer Materialised Notes alleged to have been lost, stolen or destroyed and in respect of which replacement Bearer Materialised Notes have been issued and (iii) any Temporary Global Certificate to the extent that it shall have been exchanged for one or more definitive Bearer Materialised Notes, pursuant to its provisions.

## 6 Redemption, Purchase and Options

- (a) **Final Redemption:** Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount) or, in the case of a Note falling within Condition 6(b) below, its final Instalment Amount.
- (b) **Redemption by Instalments:** Unless previously redeemed, purchased and cancelled as provided in this Condition 6 each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the relevant Final Terms. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused (i) in the case of Dematerialised Notes, on the due date for such payment or (ii) in the case of Materialised Notes, on presentation of the related Receipt, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.
- (c) **Redemption at the Option of the Issuer and Partial Redemption:** If a Call Option is specified in the relevant Final Terms, the Issuer may, on giving not less than 15 nor more than 30 days’ irrevocable notice in accordance with Condition 14 to the holders of Notes (or such other notice period as may be specified in the relevant Final Terms) redeem, all or, if so provided, some, of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption, if any and such redemption must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed as

specified in the relevant Final Terms and no greater than the Maximum Redemption Amount to be redeemed as specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the numbers of the Definitive Materialised Notes to be redeemed which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange requirements of the Regulated Market on which the Notes are listed and admitted to trading.

In the case of a partial redemption of Dematerialised Notes, the redemption may be effected, at the option of the Issuer, either (i) by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full some only of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes of any Series that will not be redeemed shall be made in accordance with Article R. 213-16 of the French *Code monétaire et financier* and the provisions of the relevant Final Terms, subject to compliance with any other applicable laws and stock exchange requirements of the Regulated Market on which the Notes are listed and admitted to trading.

So long as the Notes are listed and admitted to trading on Euronext Paris and the rules applicable to that Stock Exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in a leading newspaper of general circulation in the city where the Regulated Market on which such Notes are listed and admitted to trading is located, which in the case of Euronext Paris is expected to be *La Tribune*, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes a list of any Materialised Notes, drawn for redemption but not surrendered.

(d) **Early Redemption:**

(i) Zero Coupon Notes:

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, the amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 6(e) if so specified in the relevant Final Terms shall be the Amortised Nominal Amount (calculated as provided below) of such Note unless otherwise specified in the relevant Final Terms.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Nominal Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, unless otherwise provided in the relevant Final Terms, shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Amortised Nominal Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(e) is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (both before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final

Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(d).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction as provided in the relevant Final Terms.

- (ii) **Other Notes:** The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note, if so provided in the Relevant Final Terms pursuant to Condition 6(e), shall be the Final Redemption Amount, together with interest accrued to the date fixed for redemption, if any unless otherwise specified in the relevant Final Terms.
- (e) **No Redemption for Taxation Reasons:** Unless otherwise specified in the relevant Final Terms, if French law should require that payments of principal or interest in respect of any Note be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever, such Notes may not be redeemed early.
- (f) **Partly Paid Notes:** Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the provisions specified in the relevant Final Terms.
- (g) **Purchases:** The Issuer shall have the right at all times to purchase Notes (provided that, in the case of Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price, in accordance with applicable laws and regulations.
- (h) **Cancellation:** All Notes purchased by or on behalf of the Issuer must be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Notes, by surrendering the Definitive Materialised Notes in question together with all unmatured Receipts and Coupons and all unexchanged Talons to the Fiscal Agent and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

## 7 Payments and Talons

- (a) **Dematerialised Notes:** Payments of principal and interest in respect of Dematerialised Notes shall (in the case of Dematerialised Notes in bearer dematerialised form or administered registered dematerialised form) be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the holders of Notes and, (in the case of Dematerialised Notes in fully registered dematerialised form), to an account denominated in the relevant currency with a Bank designated by the relevant holder of Notes. All payments validly made to such Account Holders will be an effective discharge of the Issuer in respect of such payments.
- (b) **Materialised Notes:** Payments of principal and interest in respect of Materialised Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Materialised Note), Materialised Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(vi)) or Coupons (in the case of interest, save as specified in Condition 7(f)(vi)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with a Bank.

- (c) **Payments in the United States:** Notwithstanding the foregoing, if any Materialised Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.
- (d) **Payments Subject to Fiscal Laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment but without prejudice to Condition 8. No commission or expenses shall be charged to the holders of Notes or Coupons in respect of such payments.
- (e) **Appointment of Agents:** The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent, the Consolidation Agent and the Registration Agent initially appointed by the Issuer and their respective specified offices are listed at the end of the Base Prospectus relating to the Programme of the Notes of the Issuer. The Fiscal Agent, the Paying Agents, the Redenomination Agent, the Consolidation Agent and the Registration Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent experts(s) and, in each case such, do not assume any obligation or relationship of agency for any holder of Note or Coupon. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Redenomination Agent, the Consolidation Agent and the Registration Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) Paying Agents having specified offices in at least two major European cities (including Paris so long as the Notes are listed and admitted to trading on Euronext Paris) (v), in the case of Dematerialised Notes in fully registered form, a Registration Agent, (vi) a Paying Agent with a specified office in a European Union member state that will not be obliged to withhold or deduct tax pursuant to any law implementing the European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced to conform to, such Directive, and (vii) such other agents as may be required by the rules applicable to any other stock exchange on which the Notes may be listed.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Notes denominated in U.S. Dollars in the circumstances described in paragraph (c) above.

On a redenomination of the Notes of any Series pursuant to Condition 1(d) with a view to consolidating such Notes with one or more other Series of Notes, in accordance with Condition 13, the Issuer shall ensure that the same entity shall be appointed as both Redenomination Agent and Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

Notice of any such change or any change of any specified office shall promptly be given to the holders of Notes in accordance with Condition 14.

- (f) **Unmatured Coupons and Receipts and unexchanged Talons:**
- (i) Upon the due date for redemption of Materialised Notes which comprise Fixed Rate Notes (other than Dual Currency Notes or Index Linked Notes) should be surrendered for payment together with all unexpired Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unexpired Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unexpired Coupon that the sum

of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Amortised Nominal Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 9).

- (ii) Upon the due date for redemption of any Materialised Note comprising a Floating Rate Note, Dual Currency Note or Index Linked Note, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
  - (iii) Upon the due date for redemption of any Materialised Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
  - (iv) Upon the due date for redemption of any Materialised Note that is redeemable in instalments, all Receipts relating to such Materialised Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
  - (v) Where any Materialised Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any Materialised Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
  - (vi) If the due date for redemption of any Materialised Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant definitive Materialised Note. Interest accrued on a Materialised Note that only bears interest after its Maturity Date shall be payable on redemption of such Materialised Note against presentation (and surrender if appropriate) of the relevant definitive Materialised Note.
- (g) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9).
- (h) **Business Days for payment:** If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day unless otherwise specified in the relevant Final Terms, nor to any interest or other sum in respect of such postponed payment. In this paragraph, “**business day**” means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, (B) in such jurisdictions as shall be specified as “**Financial Centres**” in the relevant Final Terms and (C) (i) in the case of a payment in a currency other than Euro, where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) in the case of a payment in Euro, which is a TARGET Business Day.
- (i) **Bank:** For the purpose of this Condition 7, “**Bank**” means a bank in the principal financial centre of the relevant currency or, in the case of Euro, in a city in which banks have access to the TARGET System.

## 8 Taxation

- (a) **Tax exemption for Notes issued or deemed to be issued outside France:** Interest and other revenues with respect to Notes which are issued or are deemed to be issued outside the Republic of France, benefit from the exemption provided for in Article 131 *quater* of the French *Code général des impôts*, from the withholding tax set out under Article 125 A III of the French *Code général des impôts*. Accordingly, such payments do not give the right to any tax credit from any French source.

*As to the meaning of the expression “issued or deemed to be issued outside the Republic of France” see “Overview of the Programme - Taxation” above.*

- (b) **No Additional Amounts:** If French law should require that payments of principal or interest in respect of any Note, or any Receipt or Coupon relating thereto, be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever, the Issuer will not be required to pay any additional amounts.
- (c) **Supply of Information:** Each Noteholder shall be responsible for supplying to the Paying Agent, in a timely manner, any information as may be required in a timely manner in order to comply with the identification and reporting obligations imposed on it by the European Council Directive 2003/48/EC or any other European Directive implementing the conclusions of the ECOFIN Council Meeting dated 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to such Directive.

## 9 Prescription

Claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or 5 years (in the case of interest) from the appropriate Relevant Date in respect of them.

## 10 Representation of holders of Notes

Except as otherwise provided by the relevant Final Terms, holders of Notes will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse* (in each case, the “*Masse*”).

The *Masse* will be governed by the provisions of the French *Code de commerce* with the exception of Articles L. 228-47, L. 228-48, L. 228-59, R. 228-63, R. 228-67 and R. 228-69 subject to the following provisions:

(a) **Legal Personality**

The *Masse* will be a separate legal entity and will act in part through one or two representatives (each a “**Representative**”) and in part through a general meeting of the holders of Notes (the “**General Meeting**”).

The *Masse* alone, to the exclusion of all individual holders of Notes, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.

(b) **Representatives**

The office of Representative may be conferred on a person of any nationality. However, the following persons may not be chosen as Representatives:

- (i) the Issuer, the members of its Board of Directors (*conseil d’administration*), its statutory auditors, its employees and their ascendants, descendants and spouses; or
- (ii) companies guaranteeing all or part of the obligations of the Issuer, their respective managers (*gérants*), general managers (*directeurs généraux*), members of their Board of Directors, Executive Board or Supervisory Board, their statutory auditors, employees and their ascendants, descendants and spouses; or

- (iii) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing an enterprise in whatever capacity.

The names and addresses of the initial Representatives and their alternates will be set out in the Final Terms.

The remuneration of each Representative, and date(s) of payment thereof, will be set out in the relevant Final Terms.

In the event of death, retirement or revocation of appointment of one or both Representatives, such Representative(s) will be replaced by one or both Representatives, as the case may be. In the event of the death, retirement or revocation of appointment of one or both alternate Representatives, an alternate will be elected by the General Meeting.

All interested parties will at all times have the right to obtain the names and addresses of the initial Representative and the alternate Representative at the head office of the Issuer and the specified offices of any of the Paying Agents.

(c) **Powers of Representative**

The Representatives, acting jointly or separately, shall, in the absence of any decision to the contrary of the General Meeting and except as provided by paragraph 1 of Article L. 515-31 of the French *Code monétaire et financier*, have the power to take all acts of management necessary in order to defend the common interests of the holders of Notes.

All legal proceedings against the holders of Notes or initiated by them, must be brought by or against the Representatives; except that, should judicial reorganisation or liquidation (*redressement judiciaire* or *liquidation judiciaire*) proceedings be commenced against the Issuer, the specific controller would file the proof of debt of all creditors (including the holders of Notes) of the Issuer benefiting from the *Privilège*.

The Representatives may not be involved in the management of the affairs of the Issuer.

(d) **General Meeting**

A General Meeting may be held at any time, on convocation either by the Issuer or by the Representatives. One or more holders of Notes, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer and the Representatives a demand for convocation of the General Meeting. If such General Meeting has not been convened within two months after such demand, the holders of Notes may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, hour, place and agenda of any General Meeting will be published as provided under Condition 14.

Each holder of a Note has the right to participate in a General Meeting in person, by proxy, correspondence or, if the *statuts* of the Issuer so specify<sup>1</sup>, videoconference or any other means of telecommunication allowing the identification of the participating Noteholders. Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

In accordance with Article R. 228-71 of the French *Code de commerce*, the rights of each holder of a Note to participate in a General Meeting must be evidenced by entries in the books of the relevant Account Holder of the name of such holder of a Note on the third business day in Paris preceding the date set for the relevant General Meeting at 0.00, Paris time.

<sup>1</sup> At the date of this Base Prospectus, the *statuts* of the Issuer do not contemplate the right for a holder of a Note to participate in a General Meeting by videoconference or any other means of telecommunication allowing the identification of the participating Noteholders.

(e) **Powers of the General Meetings**

The General Meeting is empowered to deliberate on the dismissal and replacement of the Representatives and the alternate Representatives and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representatives to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase amounts payable by holders of Notes, nor establish any unequal treatment between the holders of Notes nor decide to convert Notes into shares.

General Meetings may deliberate validly on first convocation only if holders of Notes present or represented hold at least a quarter of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by holders of Notes attending such General Meetings or represented thereat.

Decisions of General Meetings must be published in accordance with the provisions set forth in Condition 14.

(f) **Information to holders of Notes**

Each holder of a Note or representative thereof will have the right, during the 15-day period preceding the holding of each General Meeting, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the General Meeting, all of which will be available for inspection by the relevant holders of Notes at the registered office of the Issuer, at the specified offices of any of the Paying Agents and at any other place specified in the notice of the General Meeting.

(g) **Expenses**

The Issuer will pay all expenses relating to the operation of the *Masse* (including those incurred by the Representatives in the proper performance of their functions and duties), and those relating to the calling and holding of General Meetings and, more generally, all administrative expenses resolved upon by the General Meeting, it being expressly stipulated that no expenses may be imputed against interest payable on the Notes.

(h) **Single *Masse***

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first mentioned Series in accordance with Condition 13, shall, for the defence of their respective common interests, be grouped in a single *Masse*. The Representatives appointed in respect of the first Tranche of any Series of Notes will be the Representatives of the single *Masse* of all Tranches in such Series.

## **11 Modifications**

These Conditions may be (i) completed in relation to any Series of Notes by the terms of the relevant Final Terms in relation to such Series and/or (ii) amended, modified or varied in a supplement to the Base Prospectus.

## **12 Replacement of Definitive Materialised Notes, Receipts, Coupons and Talons**

If, in the case of any Materialised Notes, a definitive Materialised Note, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and regulations of the Regulated Market on which the Notes are listed and admitted to trading, at the specified office of the Fiscal Agent or such other Paying Agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to holders of Notes, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and

indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed definitive Materialised Note, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Definitive Materialised Notes, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Materialised Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

### 13 Further Issues and Consolidation

- (a) **Further Issues:** The Issuer may from time to time without the consent of the holders of Notes, Receipts or Coupons create and issue further Notes to be assimilated (*assimilées*) with the Notes provided such Notes and the further Notes carry rights identical in all respects (or in all respects save for the principal amount thereof and the first payment of interest specified in the relevant Final Terms) and that the terms of such Notes provide for such assimilation and references in these Conditions to “Notes” shall be construed accordingly.
- (b) **Consolidation:** The Issuer may from time to time on any Interest Payment Date occurring on or after the Redenomination Date on giving not less than 30 days’ prior notice to the holders of Notes in accordance with Condition 14, without the consent of the holders of Notes, Receipts or Coupons, consolidate the Notes of one Series denominated in Euro with the Notes of one or more other Series issued by it, whether or not originally issued in one of the European national currencies or in Euro, provided such other Notes have been redenominated in Euro (if not originally denominated in Euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

### 14 Notices

- (a) Notices to the holders of Dematerialised Notes in registered form (*au nominatif*) shall be valid if either, (i) they are mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the mailing, or, (ii) they are published (a) so long as such Notes are listed and admitted to trading on Euronext Paris, in a leading daily newspaper of general circulation in France (which is expected to be *La Tribune*) or (b) they are published in a leading daily newspaper of general circulation in Europe (which is expected to be the *Financial Times*) or (c) they are published following Articles 221-3 and 221-4 of the General Regulations (*Règlement Général*) of the French *Autorité des marchés financiers* (the “AMF”) or so long as such Notes are listed and admitted to trading on any Regulated Market in a leading daily newspaper with general circulation in the city where the Regulated Market on which such Notes are listed and admitted to trading is located, if the rules of such Regulated Market so require.
- (b) Notices to the holders of Materialised Notes and Dematerialised Notes in bearer form (*au porteur*) shall be valid if published (i) so long as such Notes are listed and admitted to trading on Euronext Paris, in a leading daily newspaper of general circulation in France (which is expected to be *La Tribune*) or (ii) at the option of the Issuer, in a leading daily newspaper of general circulation in Europe (which is expected to be the *Financial Times*) or (iii) they are published following Articles 221-3 and 221-4 of the General Regulations (*Règlement Général*) of the AMF or so long as such Notes are listed and admitted to trading on any Regulated Market in a leading daily newspaper with general circulation in the city where the Regulated Market on which such Notes are listed and admitted to trading is located, if the rules of such Regulated Market so require.
- (c) If any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above. Holders of coupons shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Materialised Notes in accordance with this Condition.

- (d) Notices required to be given to the holders of Dematerialised Notes (whether in registered or in bearer form) pursuant to these Conditions may be given by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream, Luxembourg and any other clearing system through which the Notes are for the time being cleared in substitution for the mailing and publication as required by Conditions 14(a), (b), (c) above; except that (i) (a) so long as such Notes are listed and admitted to trading on Euronext Paris in a leading daily newspaper of general circulation in France (which is expected to be *La Tribune*) or (b) following Articles 221-3 and 221-4 of the General Regulations (*Réglement Général*) of the AMF or (c) so long as such Notes are listed and admitted to trading on any Regulated Market and the rules applicable to that Regulated Market so require, notices shall be published in a leading daily newspaper with general circulation in the city Regulated Market on which such Notes are listed and admitted to trading is located and (ii) notices relating to the convocation and decision(s) of the General Meetings pursuant to Condition 10 shall also be published (a) so long as such Notes are listed and admitted to trading on the Euronext Paris and the rules of such Stock Exchange so permit, on the website of the AMF in France or (b) in a leading daily newspaper of general circulation in Europe.

## **TEMPORARY GLOBAL CERTIFICATES ISSUED IN RESPECT OF MATERIALIZED NOTES**

Upon the initial deposit of such Temporary Global Certificate with a common depository for Euroclear and Clearstream, Luxembourg (the “**Common Depository**”), Euroclear or Clearstream, Luxembourg will credit the accounts of each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

The Common Depository may also credit with a nominal amount of Notes the accounts of subscribers with (if indicated in the relevant Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems. Conversely, a nominal amount of Notes that is initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

### **Delivery of Definitive Materialised Notes**

On or after its Exchange Date, the holder of a Temporary Global Certificate may surrender such Temporary Global Certificate to or to the order of the Fiscal Agent. In exchange for any Temporary Global Certificate, the Issuer will deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Materialised Notes. In this Base Prospectus, “**Definitive Materialised Notes**” means, in relation to any Temporary Global Certificate, the Definitive Materialised Notes for which such Temporary Global Certificate may be exchanged (if appropriate, having attached to them all Coupons and Receipts in respect of interest or Instalment Amounts that have not already been paid on the Temporary Global Certificate and a Talon). Definitive Materialised Notes will be security printed in accordance with any applicable legal and requirements of the Regulated Market. Forms of such Definitive Materialised Notes shall be available at the specified offices of any of the Paying Agents set out in the Schedules to the Amended and Restated Agency Agreement.

### **Exchange Date**

## **USE OF PROCEEDS**

The net proceeds of the issue of the Notes will be used for the Issuer's general corporate purposes.

## SUMMARY OF THE LEGISLATION AND REGULATIONS RELATING TO *SOCIÉTÉS DE CRÉDIT FONCIER*

### ***Entities entitled to issue Obligations Foncières***

Prior to the introduction of French law no. 99-532 of 25 June 1999 governing savings and financial security (the “**Law**”), now integrated into the French *Code monétaire et financier* (the “**Code**”), only Crédit Foncier de France and Crédit Communal d’Alsace-Lorraine were entitled to issue *obligations foncières*. The Law creates a whole new category of credit institutions (*sociétés de crédit foncier*) the exclusive purpose of which is to grant or acquire secured loans from the proceeds of the issue of *obligations foncières* as well as other forms of notes or borrowings.

Holders of *obligations foncières* or of these other borrowings benefit from a *privilège* (priority right of payment) on all the assets and revenues of the *sociétés de crédit foncier* and are allowed to operate in a bankruptcy remote environment.

*Sociétés de crédit foncier* may grant or acquire either mortgage-backed loans or loans to states or state-owned entities (regional and local authorities) and issue *obligations foncières* (or incur other forms of borrowings) in order to finance these loans.

The Code allows *sociétés de crédit foncier* to issue ordinary bonds or raise funds which do not benefit from the *privilège*.

Pursuant to Article L. 515-13 of the Code, *sociétés de crédit foncier* may not hold shares in other companies.

### ***Eligible receivables***

The mortgage-backed loans include loans which are secured by a first-ranking mortgage. Other types of charges and security interest also qualify under certain conditions provided in particular they are at least equivalent to a first-ranking mortgage such as a guarantee given by a credit institution or an insurance company that does not belong to the same group as the relevant *société de crédit foncier*. The property must be located in France, in the European Economic Area (the “**EEA**”), in a Member State of the European Community (“**EC**”) or in a State benefiting from the best credit rating given by a rating agency recognised by the French Banking Authority (*Commission Bancaire*) as provided in Article L. 511-44 of the Code. Article R. 515-2 of the Code provides that the mortgage-backed loans cannot exceed a threshold of 60 per cent. of the property’s value, except under certain conditions.

The other eligible receivables comprise loans granted to, or bonds issued by, state or state-owned entities located within the EEA, in a Member State of the EC or in a State benefiting from the best credit rating given by a rating agency recognised by the French Banking Authority (*Commission Bancaire*) as provided in Article L. 511-44 of the Code, or wholly guaranteed by such entities, and specific investments (namely units and bonds (*titres de créance*) issued by FCCs – *Fonds Commun de Créances*, which are French securitisation vehicles, or other similar vehicles, the assets of which comprise at least 90 per cent. of secured loans or loans to state or state-owned entities).

As provided in Article L. 515-17 of the Code, *sociétés de crédit foncier* may not make any other investments, except investments in securities which are sufficiently secure and liquid to be held as so-called replacement values, as defined in Article R. 515-7 of the Code.

### ***Over-Collateralisation***

Article L. 515-20 of the Code provides for the principle of over-collateralisation (*surdimensionnement*), which entails that the total amount of the assets of a *société de crédit foncier* must be at all times greater than the global amount of liabilities benefiting from the *privilège*.

*Sociétés de crédit foncier* must appoint a specific controller (*contrôleur spécifique*) with the approval of the French Banking Authority (*Commission Bancaire*) whose mission is to ensure that the principle of over-collateralisation is at all times complied with. In particular, the specific controller must certify that the principle of over-collateralisation is satisfied in connection with (i) the *société de crédit foncier*’s quarterly programme of issues benefiting from the *privilège* and (ii) any specific issue also benefiting from the *privilège* whose amount is greater than Euro 500 million.

The specific controller must verify the quality of the assets, the process of yearly revaluation and the quality of the asset liability management (ALM).

### **Privilège**

For bonds to qualify as *obligations foncières* and for other resources to benefit from the *privilège*, the documentation relating thereto must explicitly refer to such *privilège*. *Sociétés de crédit foncier* may enter into derivative transactions for hedging *obligations foncières* and other resources benefiting from the *privilège*; the amounts due under these derivative transactions also benefit from the *privilège*.

The sums resulting from the eligible receivables and from derivative transactions, together with deposits made by *sociétés de crédit foncier* with other credit institutions, are allocated in priority to the payment of any sums due in relation to the *obligations foncières* or other financial resources benefiting from the *privilège*.

### **Insolvency remoteness**

Finally, Article L. 515-27 of the Code precludes the extension of insolvency proceedings in respect of the *société de crédit foncier*'s parent company to the *société de crédit foncier*.

The Code provides for a regime which derogates in many ways from the French legal provisions relating to insolvency proceedings. In particular, in the event of conciliation proceeding (*procédure de conciliation*) preservation proceeding (*procédure de sauvegarde*), judicial reorganisation (*redressement judiciaire*) or judicial liquidation (*liquidation judiciaire*) of a *société de crédit foncier*, all claims benefiting from the *privilège*, including interest thereon, must be paid on their due dates and in preference to all other claims, whether or not secured or statutorily preferred and, until payment in full of all such preferred claims, no other creditors may take any action against the assets of the *société de crédit foncier*.

In addition, the provision of French insolvency law which provides that certain transactions entered into in the months preceding the commencement of insolvency proceedings (*période suspecte*) are voidable has been set aside by the Code in respect of *sociétés de crédit foncier* (Article L. 515-25 of the Code).

The judicial liquidation (*liquidation judiciaire*) of a *société de crédit foncier* will not result in the acceleration of payment of *obligations foncières* and other debts benefiting from the *privilège*.

**THIRD PARTY INFORMATION AND STATEMENT BY EXPERTS AND DECLARATIONS OF ANY INTEREST**

**I. SPECIFIC CONTROLLER'S REPORT ON THE VALUATION AND PERIODIC REVIEW METHODS FOR REAL ESTATE AT 31 DECEMBER 2007**

To the Directors of Compagnie de Financement Foncier,

In our capacity as the Specific Controller of your Company, and pursuant to the provisions of Article L. 515-30 of the French Monetary and Financial Code, as well as those set out in Article 5 of Regulation 99-10 of the CRBF (French Banking and Financial Regulations Committee) and amended by the Decree of May 9, 2007, we hereby present you with our report relating to the assessment of the procedure describing the methods used to value the real estate underlying loans and the methods for periodically reviewing their value, published at the same time as the annual financial statements on December 31, 2007 and appended herewith.

The procedure relating to the valuation methods for real estate and the methods for periodically reviewing their value was defined and implemented under the responsibility of your company's management. It is our responsibility to assess the validity of this procedure in terms of its compliance with current regulations.

We have examined the valuation methods and the methods for periodically reviewing the value of real estate underlying loans in accordance with the procedures that we considered necessary in view of the professional standards of the Compagnie Nationale des Commissaires aux Comptes applicable to this assignment. These procedures are necessary to ascertain that the valuation methods and periodic review methods comply, in their design and their application, with current regulations, and that we check the presentation of the information that is then disclosed in the annual financial statements.

Based on our work, the procedure describing the valuation methods for the real estate underlying the loans and the periodic review methods of their value, disclosed simultaneously in the financial statements at December 31, 2007, respects the provisions set out in Regulation 99-10 of the CRBF as amended by the Decree of May 9, 2007.

It should however be noted that, based on the tests we carried out, the operational implementation of this procedure could be improved in terms of:

- respecting the rules for the initial valuation of assets, for which an appraisal must be conducted;
- reinforcing internal controls related to valuation procedures and periodic reviews of real estate.

## II.- PROCEDURE FOR THE VALUATION AND PERIODIC REVIEW OF THE ASSETS UNDERLYING LOANS AT 31 DECEMBER 2007

### I - Initial valuation method of the assets underlying loans acquired by Compagnie de Financement Foncier

#### A - General asset valuation principles

The procedure described below has been determined pursuant to Articles 1, 2 and 4 of CRBF Regulation no. 99-10, as amended by Regulation no. 2002-02, then by the Order (*arrêté*) of 7 May 2007 implementing European Directive 2006/48/EC into French law.

Real estate financed by eligible loans or provided as security for these loans is subject to prudent valuation rules.

The valuation is based on the real estate's long term characteristics, normal and local market conditions, the current use of the asset and other possible uses.

#### B - Special rule used by Compagnie de Financement Foncier

For loans originated between 1 January 2003 and 31 December 2006, in accordance with the provisions of CRBF Regulation no. 99-10 and a decision of the Chairman of Crédit Foncier de France's Executive Board dated 28 July 2003, the cost of the transaction without discount is taken as the estimated value of the asset for all transactions involving residential property whose transaction cost is less than €350,000. Pursuant to the amended CRBF Regulation no. 99-10, this principle was extended to all residential property transactions whose transaction cost is less than €450,000, or when the outstanding principal of the acquired loan is less than €360,000.

Beyond these thresholds, the appraised value is considered as the value of the property when the loan is originated.

#### C - Synthesis

The aforementioned rules were applicable as of 7 May 2007 and are summarised in the table below:

ASSET TYPE	Cost of transaction is less than €450,000 or acquired loan less than €360,000	Cost of transaction is greater than €450,000 and acquired loan greater than €360,000
Residential property for private individuals	Transaction cost	Appraisal
Residential property for commercial use	Appraisal	Appraisal
Commercial property (1)	Appraisal	Appraisal

(1) Commercial property includes all properties other than residential property and mixed-use properties whose residential component represents less than 75% of the overall value.

Valuations only apply to new loans originated during the year. Thus in 2007, collateral underlying loans originated during the year were appraised according to these guidelines.

Collateral underlying loans originated before 2007 are subject to a compulsory, periodic review of their value as presented hereafter (cf. Sections II, III and IV).

## II - Periodic Review Methods for Residential Property for Private and Commercial Use

The rules detailed below apply to collateral underlying loans originated before 2007.

Two periodic review methods are used to determine the value of collateral depending on the following circumstances:

- The S1 statistical method for residential properties for private individuals
- The S1 statistical method for all residential properties for professionals valued at less than €450,000 or for which the outstanding principal on the loan that the property is securing is less than €360,000
- The S2 method for all residential properties for professionals valued at more than €450,000 and for which the outstanding principal on the loan that the property is securing is greater than €360,000

A - S1 periodic review method

### i) Principles

The model is based on indices in order to most accurately reflect the real estate market. The indices vary from one year to the next, based on observations of market values; however, property valuations are, in accordance with the law, based on conservative figures (which are then revaluated by applying the indices).

The indices reflect four distinct geographical categories:

- (i) There are 110 agglomerations as defined by postal code groups established by the INSEE. They are defined as urban areas with more than 50,000 inhabitants. The list of agglomerations and their composition change as the urban fabric and real estate markets evolve.
- (ii) Outside of these agglomerations, the “non-agglomeration” real estate market is segmented by administrative regions (20, excluding Corsica and the Ile-de-France - Paris metropolitan area).
- (iii) The Ile-de-France region surrounding Paris but excluding Paris proper is valued separately using specific indices.
- (iv) Paris *intra muros* is also valued separately using specific indices.

Indices for each of these four categories (agglomeration, region, Paris and Ile-de-France), are grouped according to postal codes, and calculated based on indices broken down as follows:

- Agglomeration: 110 Apartment indices / 110 House indices
- Non-agglomeration: 20 House indices
- Ile-de-France (excluding Paris): 1 Apartment index / 1 House index
- In Paris: 1 Apartment index

When the distinction apartment/house is not available for collateral, the smaller of the two indices, for the corresponding postal code, is used.

When the location of the collateral is imprecise, the smaller of the annual indices, for the corresponding type of housing, is used. The same applies to departments located in the DOM-TOM (overseas departments and territories).

### Revaluation cycle management

Real estate value indices are updated annually. During the month of November, new indices are established based on the period ended 30 September.

The revaluation cycle is thus managed on a one year rolling period from 30 September of year “n-1” to 30 September of year “n”.

Applying this method at the closing date on 31 December of each year will enable the definitive valuations for the year “n” to be determined as early as January in the year “n+1”.

ii) Sources

These indices are based on an “ad hoc and expert” survey carried out each year by Foncier Expertise in collaboration with the network of regional real estate appraisers.

B - S2 periodic review method

For 2007, the S2 revaluation method entailed applying the annual change in the rent index for residential property to 2006 values, i.e. +3.2% (source INSEE).

**III - Periodic Review Methods for Commercial Property (Non-residential)**

In accordance with the provisions of CRBF Regulation no. 99-10, all of the following three valuation methods are applied to commercial use property depending on their characteristics:

A – E1 Method

This category covers commercial buildings whose value is greater than €450,000 or for which the outstanding principal on the loan that the property is securing is greater than €360,000.

Every property in this category is individually revalued each three years by an appraisal the statistically between appraisals using the S1 Method.

B – E2 Method

This category covers commercial buildings whose value is less than €450,000 and for which the outstanding principal on the loan that the property is securing is less than €360,000

Every asset in this category is individually re-appraised every year. The appraiser determines a prudential mortgage value based both on an in-depth analysis of the nature of the asset in addition to its specific characteristics and a prudent long-term market outlook.

C – S1 Statistical Method

This category covers commercial-use buildings whose outstanding principal on the loan secured by the asset falls below 30% of the initial loan amount.

For real estate in this category, the S1 statistical revaluation method (See section II.a above) is applied to the most recent appraisal value.

**IV - Summary of Methods**

The aforementioned rules were applied in 2007 and are summarised in the table below:

Type of asset	Ratio of Outstanding Principal* to Initial Amount $\leq 30\%$		Ratio of Outstanding Principal* to Initial Amount $> 30\%$		Disputed cases
	Cost of the transaction $\leq €450k$ or total authorised amount $\leq €360k$	Cost of the transaction $> €450k$ and total authorised amount $> €360k$	Cost of transaction $\leq €450k$ or total authorised amount $\leq €360k$	Cost of the transaction $> €450k$ and total authorised amount $> €360k$	
Residential	<b>If private individual: S1 method</b>				<b>Specific individual appraisal</b>
	<b>If professional: S1 method</b>	<b>If professional: S2 method</b>	<b>If professional: S1 method</b>	<b>If professional: S2 method</b>	
Commercial property	<b>S1 method</b>		<b>E1 method</b>	<b>E2 method</b>

## **RELATIONSHIP BETWEEN COMPAGNIE DE FINANCEMENT FONCIER AND CRÉDIT FONCIER DE FRANCE**

New production by Crédit Foncier de France may be financed by Compagnie de Financement Foncier as long as it meets the eligibility criteria provided by law contained in the provisions of Articles L. 515-13 to L. 515-33 of the French *Code monétaire et financier*.

As provided by law, Compagnie de Financement Foncier draws on the technical and human resources of its parent company under agreements binding the two companies. These agreements, which are regulated as defined by Articles L. 225-38 and L. 225-86 of the French *Code de commerce* (formerly Articles 101 and 143 of law no. 66-537 of 24 July 1966), cover all of the Issuer's activities.

The general principles applied in preparing these agreements are described below.

The texts as drafted take into account the special nature of the relationship between Crédit Foncier de France and its subsidiary Compagnie de Financement Foncier.

Seventeen agreements have been entered into by Crédit Foncier de France and Compagnie de Financement Foncier, namely:

- A framework agreement, setting forth the general principles
- An agreement for loan assignments
- An agreement for loan servicing and recovery
- An agreement governing financial services
- An ALM agreement
- An administrative and accounting management agreement
- A service agreement on internal control and compliance
- An agreement related to the implementation of information technology services
- An agreement concerning human resources
- An agreement concerning compensation for services
- An agreement related to settlement bank services
- A guarantee agreement for adjustable-rate loans
- A guarantee and compensation agreement
- An agreement concerning disbursing agent agreement
- An agreement relating to management and collection of loans subsidised by the French state
- An agreement regarding participation loans
- An agreement related to redeemable subordinated notes

As a result, with the exception of Directors and Officers, the Compagnie de Financement Foncier does not have any salaried employees.

### **Information on the Crédit Foncier de France Group, to which Compagnie de Financement Foncier belongs**

The principal business of Crédit Foncier de France is to grant mortgage loans to individuals and real estate professionals, grant loans to local authorities, provide structured financing and to issue bonds to finance these loans.

From its creation in 1852 and until 1999, Crédit Foncier de France held the special status as a *société de crédit foncier*.

A key player in the specialised real estate financing market responsible for distributing French state subsidised loans, following the real estate crisis in the 1990s and the government's elimination of subsidised loans, in 1999 Crédit Foncier joined the private sector after its 90% acquisition by the Caisses d'Epargne Group.

In the context of legislation governing this acquisition, French Parliament created a specific new status for property lending companies. The Compagnie de Financement Foncier was then created and authorised as a *société de crédit foncier* by the CECEI. The Crédit Foncier de France transferred all its property commitments and pledged assets to the Compagnie de Financement Foncier pursuant to Article 110 of law no. 99-532 of 25 June 1999.

Since then a member of the Caisse d'Epargne Group, Crédit Foncier de France has been able to resume its role as a major player in real estate and local government financing.

### **Key events of Crédit Foncier Group**

The years 2002 to 2006 were marked by the following events:

- The acquisition of A3C which enabled Crédit Foncier de France to acquire an effective administrative organisation in the areas of real estate leasing and savings;
- the acquisition of Entenial, a direct competitor in specialised real estate financing;
- A 66% investment in the share capital of Crédit Foncier et Communal d'Alsace and Lorraine-Banque (CFCAL-Banque), a French *société anonyme* with a banking licence, which owned in addition a wholly-owned subsidiary with the status of a *société de crédit foncier* with the name "Crédit Foncier et Communal d'Alsace et de Lorraine – Société de Crédit Foncier" (CFCAL-SCF);
- Buyout transactions involving Crédit Foncier shares resulted in Caisse Nationale des Caisses d'Epargne (CNCE) acquiring 100% of the share capital and voting rights of Crédit Foncier;
- The creation of the real estate leasing subsidiary of the Caisse d'Epargne Group: the grouping of various specialised Crédit Foncier subsidiaries (Foncier Bail and Investimur, Cicobail, Mur Ecureuil, Cinergie). These companies were merged under the aegis of Cicobail to constitute the real estate leasing division of the Caisse d'Epargne Group.
- the opening of an office in Brussels and a representative office in London;
- The creation, in Portugal, of Banco Primus, specialised in mortgage lending, drawing on the skills of the Crédit Foncier Group and Communal d'Alsace et de Lorraine;

2007 was marked by:

- finalisation of the project announced in 2006 with Nexity; in the context of the agreement reached with CNCE, Nexity acquired 25% of the capital of Crédit Foncier; This industrial project has led to synergies between the various business sectors of the Caisse d'Epargne Group and enabled the sales networks to distribute Nexity real estate products, in particular to investor clients. It has also opened up the possibility of capitalising on Group relations with local authorities to offer them more integrated products. Finally, it has helped increase Caisse d'Epargne's market share in the financing of real estate transactions carried out by Nexity and its franchised networks;
- Crédit Foncier's investment in Locindus in the context of consolidation of its leasing business resulted in Crédit Foncier holding 67.95% of the capital of Locindus;

- the creation of Swiss Public Finance Solutions. In August 2007, Banque Cantonale de Genève (BCGE), the Caisse d'Épargne Group with its subsidiary Crédit Foncier and Caisse d'Épargne Rhône Alpes (CERA); signed a partnership agreement designed to facilitate the financing of corporations operating under Swiss law. This agreement led to the creation of the new entity called Swiss Public Finance Solutions (SPFS);
- the sale of Foncier Vignobles to CNCE;
- internal restructurings (asset transfers in favour of Crédit Foncier: Auxiliaire du Crédit Foncier de France, Crédit Foncier Assurance Courtage, Comptoir Assurance Service) enabled the capital structure of the Crédit Foncier Group to be simplified;
- the acquisition of the IXIS-CIB's local authority loan portfolio, a subsidiary of Natixis for an amount of €8.4 billion and the acquisition of Caisse d'Épargne Group's public sector loan origination activity for major French public authorities accounts.
- the acquisition, in the context of the strategic project developed with Nexity, of the 15% investment held by Crédit Lyonnais in the capital of Crédit Financier Lillois (CFL);
- implementation of the Fontec solution, between Foncier Expertise, a Crédit Foncier subsidiary, and Socotec;
- modifications to the governance of Crédit Foncier, which required changes to Crédit Foncier bylaws, which adopted the legal form of a *société anonyme* with a Board of Directors.

#### **Specialised subsidiary within a large group**

Supported by its subsidiary, the Compagnie de Financement Foncier, a *société de crédit foncier*, Crédit Foncier has been able to obtain, both for itself and the Caisse d'Épargne Group, particularly advantageous financing conditions (AAA) and top-notch financial engineering. It is now positioned within the Caisse d'Épargne Group as a specialised real estate lending entity.

## TAXATION

### EU DIRECTIVE ON THE TAXATION OF SAVINGS INCOME

*The following is a summary limited to certain tax considerations applicable under the laws of the European Union relating to the Notes that may be issued under the Programme. Each prospective holder or beneficial owner of Notes should consult its tax advisor as to the tax consequences of any investment in or ownership and disposition of the Notes.*

On 3 June 2003, the European Council of Economic and Finance Ministers adopted the Directive 2003/48/EC on the taxation of savings income (the “**Directive**”). Pursuant to the Directive and subject to a number of conditions being met, Member States are required, since 1 July 2005, to provide to the tax authorities of another Member State, *inter alia*, details of payments of interest within the meaning of the Directive (interests, premiums or other debt income) made by a paying agent located within its jurisdiction to, or for the benefit of, an individual resident in that other Member State (the “**Disclosure of Information Method**”).

For these purposes, the term “paying agent” is defined widely and includes in particular any economic operator who is responsible for making interest payments, within the meaning of the Directive, for the immediate benefit of individuals.

However, throughout a transitional period, certain Member States (the Grand-Duchy of Luxembourg, Belgium and Austria), instead of using the Disclosure of Information Method used by other Member States, unless the relevant beneficial owner of such payment elects for the Disclosure of Information Method, withhold an amount on interest payments. The rate of such withholding tax equals 15 per cent. during the first three years, 20 per cent. during the subsequent three years and 35 per cent. until the end of the transitional period.

Such transitional period will end at the end of the first full fiscal year following the later of (i) the date of entry into force of an agreement between the European Community, following a unanimous decision of the European Council, and the last of Switzerland, Liechtenstein, San Marino, Monaco and Andorra, providing for the exchange of information upon request as defined in the OECD Model Agreement on Exchange of Information on Tax Matters released on 18 April 2002 (the “**OECD Model Agreement**”) with respect to interest payments within the meaning of the Directive, in addition to the simultaneous application by those same countries of a withholding tax on such payments at the rate applicable for the corresponding periods mentioned above and (ii) the date on which the European Council unanimously agrees that the United States of America is committed to exchange of information upon request as defined in the OECD Model Agreement with respect to interest payments within the meaning of the Directive.

A number of non-EU countries and dependent or associated territories have agreed to adopt similar measures (transitional withholding or exchange of information) with effect since 1 July 2005.

### LUXEMBOURG - TAXATION

*The following is a summary limited to certain tax considerations in Luxembourg relating to the Notes that may be issued under the Programme and specifically contains information on taxes on the income from the securities withheld at source. Each prospective holder or beneficial owner of Notes should consult its tax advisor as to the tax consequences of any investment in or ownership and disposition of the Notes.*

#### **Withholding tax**

Under Luxembourg tax law currently in effect and with the possible exception of interest paid to individual Noteholders, there is no Luxembourg withholding tax on payments of interest (including accrued but unpaid interest). There is also no Luxembourg withholding tax, with the possible exception of payments made to

individual Noteholders, upon repayment of principal in case of reimbursement, redemption, repurchase or exchange of the Notes.

*Luxembourg non-resident individuals*

Under the Luxembourg laws dated 21 June 2005 implementing the Directive and several agreements concluded between Luxembourg and certain dependent territories of the European Union, a Luxembourg based paying agent (within the meaning of the Directive) is required since 1 July 2005 to withhold tax on interest and other similar income paid by it to (or under certain circumstances, to the benefit of) an individual resident in another Member State, unless the beneficiary of the interest payments elects for an exchange of information. The same regime applies to payments to individuals resident in certain EU dependent territories.

The withholding tax rate is initially 15 per cent., increasing steadily to 20 per cent. and to 35 per cent. The withholding tax system will only apply during a transitional period, the ending of which depends on the conclusion of certain agreements relating to information exchange with certain third countries.

*Luxembourg resident individuals*

A 10 per cent. withholding tax has been introduced, as from 1 January 2006, on interest payments made by Luxembourg paying agents (defined in the same way as in the Directive) to Luxembourg individual residents. Only interest accrued after 1 July 2005 falls within the scope of the withholding tax. This withholding tax represents the final tax liability for the Luxembourg individual resident taxpayers.

**FRANCE – TAXATION**

*The following is a summary limited to certain tax considerations in France relating to the Notes that may be issued under the Programme. Each prospective holder or beneficial owner of Notes should consult its tax advisor as to the tax consequences of any investment in or ownership and disposition of the Notes.*

The Directive was implemented into French law under Article 242 *ter* of the French *Code général des impôts*, which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

Payments of interest and other revenues in respect of Notes which are issued or are deemed to be issued outside the Republic of France benefit from the exemption from the withholding tax set out under Article 125 A III of the French *Code général des impôts*, as provided by Article 131 *quater* of the French *Code général des impôts*. Accordingly, such payments do not give the right to any tax credit from any French source.

Notes, whether denominated in Euro or in any other currency, and which constitute *obligations* or *titres de créances négociables*, or other debt securities considered by the French tax authorities as falling into similar categories, are deemed to be issued outside the Republic of France, in accordance with Circular 5 I-11-98 of the *Direction générale des impôts* dated 30 September 1998 and Ruling 2007/59 of the *Direction générale des impôts* dated 8 January 2008.

See “*Terms and Conditions of the Notes – Taxation*”.

## SUBSCRIPTION AND SALE

Subject to the terms and the conditions contained in an amended and restated dealer agreement dated 4 July 2008 (the “**Amended and Restated Dealer Agreement**”) between the Issuer, the Permanent Dealers and the Arranger, the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Amended and Restated Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuer has agreed to reimburse the Arranger for its expenses incurred in connection with the update of the Programme and the Dealers for certain of their activities in connection with the Programme. The commissions in respect of an issue of Notes having a Specified Denomination of less than Euro 50,000 will be stated in the relevant Final Terms.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Amended and Restated Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

### Selling Restrictions

#### Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”), it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (i) if the final terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “**Non-exempt Offer**”), following the date of publication of a prospectus in relation to those Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable;
- (ii) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities; or
- (iii) at any time to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than Euro 43,000,000 and (3) an annual turnover of more than Euro 50,000,000, as shown in its last annual or consolidated accounts; or
- (iv) at any time in any other circumstances which do not require the publication by the Issuer of a prospectus pursuant to Article 3 of the Prospectus Directive,

provided that no such offer of Notes referred to in (ii) to (v) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer of Notes to the public” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “Prospectus Directive” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

### **General**

These selling restrictions may be modified by the agreement of the Issuer and the Dealers following a change in a relevant law, regulation or directive. Any such modification will be set out in the Final Terms issued in respect of the issue of Notes to which it relates or in a Supplement to the Prospectus.

Unless otherwise specified in the Final Terms, no action has been taken in any jurisdiction that would permit an offer to the public of any of the Notes, or possession or distribution of the Base Prospectus or any other offering material or any Final Terms, in any country or jurisdiction where action for that purpose is required.

Each Dealer has agreed that it will, to the best of its knowledge, comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes the Base Prospectus, any other offering material or any Final Terms and neither the Issuer nor any other Dealer shall have responsibility therefore.

To the Directors of Compagnie de Financement Foncier,

In our capacity as Specific Controller of your company and pursuant to the provisions set forth in Articles R.515-13 and L.515-30 of the French Monetary and Financial Code, we hereby set out our certification regarding compliance with the rule provided for in Article L.515-20 of the French Monetary and Financial Code within the framework of any issue of mortgage debentures with a unit value of at least [•].

In a decision dated [•], the Board of Directors of Compagnie de Financement Foncier set the maximum ceiling for the programme for issuing funding that qualify for the privileged right laid down by Article L.515-19 of the French Monetary and Financial Code at EUR [•] billion, for the period from [•] to [•] , 200[•].

Within the scope of this quarterly issue programme, in a decision dated [•], 200[•], the [•] of Compagnie de Financement Foncier approved a new issue of funds qualifying for the preferential rights set forth in Article L.515-19 of the French Monetary and Financial Code, for an amount of [•].

Article L.515-20 of the French Monetary and Financial Code states that the total amount of assets held by sociétés de crédit foncier (special-purpose real estate credit institutions) must be greater than the amount of liabilities which qualify for the privileged right mentioned in Article L.515-19 of said code. Our responsibility is to certify the compliance of the current transaction with this rule.

Compliance with this rule, after taking into account the aforementioned debenture issue, was verified on the basis of estimated and forecasted financial data, drawn up under the responsibility of your Board of Directors. The forecasted financial data were drawn up on the basis of assumptions which reflect the position that you deemed to be most probable as of the date of the present issue. This information is presented in an appendix to this report.

We performed our review in accordance with the procedures issued from the professional rules and practises of the Compagnie Nationale des Commissaires aux Comptes (National Association of Statutory Auditors) that are applicable to this type of assignment. These procedures, based on such financial information, were carried out in order to verify compliance with the rule laid down by Article L.515-20 of the French Monetary and Financial Code and with the methods of calculating the hedge ratio provided for in Regulation n° 99-10 of the French Banking and Financial Regulations Committee.

Our work has also required that we plan and prepare our review leading to an assessment of the fair presentation of the estimated and the forecasted financial data, drawn up as of the closest date of the present issue, with regard to its consistency, plausibility and relevance, with a view to checking compliance with the rule provided for in Article L.515-20 of the French Monetary and Financial Code. Regarding the forecasted financial data, we have assessed the assumptions used and their statement in figures, considering that, as the forecasts are, by their nature, uncertain, the actual results could differ significantly from the forecasted data presented.

Based on our work, we have no comments to make as regards compliance by Compagnie de Financement Foncier with Article L.515-20 of the French Monetary and Financial Code, which states that the amount of assets must be greater than the amount of preferential liabilities, after taking into account the aforementioned issue.

Messieurs les Administrateurs de la Compagnie de Financement Foncier,

En notre qualité de contrôleur spécifique de votre société et en exécution des dispositions prévues par les articles R.515-13 et L.515-30 du Code monétaire et financier, nous devons établir une attestation du respect de la règle prévue à l'article L.515-20 de ce Code, dans le cadre de toute émission d'obligations foncières d'une valeur unitaire au moins égale à EUR 500 millions.

Par décision en date du [•] 200[•], le conseil d'administration de la Compagnie de Financement Foncier a fixé le plafond maximum du programme d'émissions de ressources bénéficiant du privilège institué par l'article L.515-19 du Code monétaire et financier, à [•] milliards, pour la période allant du [•] au [•] 200[•].

Dans le cadre de ce programme trimestriel d'émissions, par décision en date du [•], le [•] de la Compagnie de Financement Foncier a autorisé le lancement d'une nouvelle émission de ressources bénéficiant du privilège institué par l'article L.515-19 du Code monétaire et financier, pour un montant de [•].

L'article L.515-20 du Code monétaire et financier dispose que le montant total des éléments d'actif des sociétés de crédit foncier doit être supérieur au montant des éléments de passif bénéficiant du privilège mentionné à l'article L.515-19 de ce même Code. Il nous appartient d'attester du respect de cette règle au titre de la présente opération.

Le respect de cette règle, après prise en compte de l'émission visée ci-dessus, a été vérifié sur la base d'informations financières estimées et prévisionnelles établies sous la responsabilité de votre conseil d'administration. Les informations financières prévisionnelles ont été établies à partir des hypothèses traduisant la situation future que vous avez estimée la plus probable à la date de la présente émission. Ces informations sont présentées en annexe à la présente attestation.

Nous avons effectué nos travaux sur la base des diligences que nous avons estimé nécessaires au regard de la doctrine professionnelle de la Compagnie Nationale des Commissaires aux Comptes relative à cette mission. Ces diligences sont destinées à vérifier, sur la base des informations financières établies, le respect de la règle prévue par l'article L.515-20 du Code monétaire et financier et les modalités de calcul du ratio de couverture prévues par les dispositions du règlement n°99-10 du Comité de la Réglementation Bancaire et Financière.

Nos diligences ont notamment consisté à examiner le processus d'élaboration des informations financières estimées et prévisionnelles, établies à la date la plus proche de celle de la présente émission, afin d'en vérifier la cohérence dans la perspective de contrôler le respect de la règle prévue à l'article L.515-20 du Code monétaire et financier. En ce qui concerne les informations prévisionnelles, nous avons pris connaissance des hypothèses retenues et vérifié leur traduction chiffrée, étant rappelé que, s'agissant de prévisions présentant par nature un caractère incertain, les réalisations différeront parfois de manière significative des informations prévisionnelles établies.

Sur la base de nos travaux, nous n'avons pas d'observation à formuler sur le respect, par la Compagnie de Financement Foncier, de l'article L.515-20 du Code monétaire et financier stipulant que le montant des éléments d'actif doit être supérieur au montant des éléments de passif privilégiés, après prise en compte de la présente émission visée ci-dessus.

To the Directors of Compagnie de Financement Foncier,

In our capacity as Specific Controller of your company and pursuant to the provisions set forth in Articles R.515-13 and L.515-30 of the French Monetary and Financial Code, we hereby set out our certification regarding compliance with the rule provided for in Article L.515-20 of the French Monetary and Financial Code within the framework of any issue of mortgage debentures with a unit value of at least [•].

In a decision dated [•], the Board of Directors of Compagnie de Financement Foncier set the maximum ceiling for the programme for issuing funding that qualify for the privileged right laid down by Article L.515-19 of the French Monetary and Financial Code at EUR [•] billion, for the period from [•] to [•], 200[•].

Within the scope of this quarterly issue programme, in a decision dated [•], 200[•], the [•] of Compagnie de Financement Foncier approved a new issue of funds qualifying for the preferential rights set forth in Article L.515-19 of the French Monetary and Financial Code, for an amount of [•].

Article L.515-20 of the French Monetary and Financial Code states that the total amount of assets held by sociétés de crédit foncier (special-purpose real estate credit institutions) must be greater than the amount of liabilities which qualify for the privileged right mentioned in Article L.515-19 of said code. Our responsibility is to certify the compliance of the current transaction with this rule.

Compliance with this rule, after taking into account the aforementioned debenture issue, was verified on the basis of estimated and forecasted financial data, drawn up under the responsibility of your Board of Directors. The forecasted financial data were drawn up on the basis of assumptions which reflect the position that you deemed to be most probable as of the date of the present issue. This information is presented in an appendix to this report.

We performed our review in accordance with the procedures issued from the professional rules and practises of the Compagnie Nationale des Commissaires aux Comptes (National Association of Statutory Auditors) that are applicable to this type of assignment. These procedures, based on such financial information, were carried out in order to verify compliance with the rule laid down by Article L.515-20 of the French Monetary and Financial Code and with the methods of calculating the hedge ratio provided for in Regulation n° 99-10 of the French Banking and Financial Regulations Committee.

Our work has also required that we plan and prepare our review leading to an assessment of the fair presentation of the estimated and the forecasted financial data, drawn up as of the closest date of the present issue, with regard to its consistency, plausibility and relevance, with a view to checking compliance with the rule provided for in Article L.515-20 of the French Monetary and Financial Code. Regarding the forecasted financial data, we have assessed the assumptions used and their statement in figures, considering that, as the forecasts are, by their nature, uncertain, the actual results could differ significantly from the forecasted data presented.

Based on our work, we have no comments to make as regards compliance by Compagnie de Financement Foncier with Article L.515-20 of the French Monetary and Financial Code, which states that the amount of assets must be greater than the amount of preferential liabilities, after taking into account the aforementioned issue.

Messieurs les Administrateurs de la Compagnie de Financement Foncier,

En notre qualité de contrôleur spécifique de votre société et en exécution des dispositions prévues par les articles R.515-13 et L.515-30 du Code monétaire et financier, nous devons établir une attestation du respect de la règle prévue à l'article L.515-20 de ce Code, dans le cadre de toute émission d'obligations foncières d'une valeur unitaire au moins égale à EUR 500 millions.

Par décision en date du [•] 200[•], le conseil d'administration de la Compagnie de Financement Foncier a fixé le plafond maximum du programme d'émissions de ressources bénéficiant du privilège institué par l'article L.515-19 du Code monétaire et financier, à [•] milliards, pour la période allant du [•] au [•] 200[•].

Dans le cadre de ce programme trimestriel d'émissions, par décision en date du [•], le [•] de la Compagnie de Financement Foncier a autorisé le lancement d'une nouvelle émission de ressources bénéficiant du privilège institué par l'article L.515-19 du Code monétaire et financier, pour un montant de [•].

L'article L.515-20 du Code monétaire et financier dispose que le montant total des éléments d'actif des sociétés de crédit foncier doit être supérieur au montant des éléments de passif bénéficiant du privilège mentionné à l'article L.515-19 de ce même Code. Il nous appartient d'attester du respect de cette règle au titre de la présente opération.

Le respect de cette règle, après prise en compte de l'émission visée ci-dessus, a été vérifié sur la base d'informations financières estimées et prévisionnelles établies sous la responsabilité de votre conseil d'administration. Les informations financières prévisionnelles ont été établies à partir des hypothèses traduisant la situation future que vous avez estimée la plus probable à la date de la présente émission. Ces informations sont présentées en annexe à la présente attestation.

Nous avons effectué nos travaux sur la base des diligences que nous avons estimé nécessaires au regard de la doctrine professionnelle de la Compagnie Nationale des Commissaires aux Comptes relative à cette mission. Ces diligences sont destinées à vérifier, sur la base des informations financières établies, le respect de la règle prévue par l'article L.515-20 du Code monétaire et financier et les modalités de calcul du ratio de couverture prévues par les dispositions du règlement n°99-10 du Comité de la Réglementation Bancaire et Financière.

Nos diligences ont notamment consisté à examiner le processus d'élaboration des informations financières estimées et prévisionnelles, établies à la date la plus proche de celle de la présente émission, afin d'en vérifier la cohérence dans la perspective de contrôler le respect de la règle prévue à l'article L.515-20 du Code monétaire et financier. En ce qui concerne les informations prévisionnelles, nous avons pris connaissance des hypothèses retenues et vérifié leur traduction chiffrée, étant rappelé que, s'agissant de prévisions présentant par nature un caractère incertain, les réalisations différeront parfois de manière significative des informations prévisionnelles établies.

Sur la base de nos travaux, nous n'avons pas d'observation à formuler sur le respect, par la Compagnie de Financement Foncier, de l'article L.515-20 du Code monétaire et financier stipulant que le montant des éléments d'actif doit être supérieur au montant des éléments de passif privilégiés, après prise en compte de la présente émission visée ci-dessus.
